

Portland Coal & Development Company
Well Log
SW $\frac{1}{4}$ sec. 10, T. 2 S., R. 9 W.
Tillamook County

This well was drilled about $5\frac{1}{2}$ miles southeast of Tillamook. The well log was compiled from the driller's notes. It was reported by people in the vicinity that at one time a flame of gas issued 4 feet above the casing. Washburne observed only a little gas escaping from the wellhead on his visit in 1910.

Gas Analysis

Carbon dioxide	0.15%
Methane	97.85
Nitrogen	2.00
