| Oregon Schools Seismic Feedback Form                                           |  |
|--------------------------------------------------------------------------------|--|
| General information:                                                           |  |
| . Date of submittal                                                            |  |
| August 21, 2012                                                                |  |
| . County                                                                       |  |
| Douglas                                                                        |  |
| . School district or special education district                                |  |
| South Umpqua School District                                                   |  |
| . Name and title of person submitting report                                   |  |
| Chris Davidson<br>Director of Fiscal Services                                  |  |
| : Year for reporting – Please submit separate forms for each year of reporting |  |
| 2007                                                                           |  |

| Specific information:                                                                                 |
|-------------------------------------------------------------------------------------------------------|
| 6. Did the district replace any school structures with new buildings during the reporting year?       |
| Yes •                                                                                                 |
| No O                                                                                                  |
| a. If No please go to question #7                                                                     |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was replaced              |
| i. Name and address of the school where structure was replaced                                        |
| Coffenberry Middle School<br>591 NE Rice<br>Myrtle Creek, OR 97457                                    |
| ii. Exact structure or structures that were replaced (for example, gymnasium, main<br>building, etc.) |
| Gymnasium                                                                                             |
| iii. Type of replacement building (for example, tilt-up, masonry, wood frame, etc.)                   |
| Masonry                                                                                               |
| iv. Maximum occupancy of new structure                                                                |
| 470                                                                                                   |
| v. Date the new structure became occupied                                                             |
| 10/1/07                                                                                               |

| 7. Did the district modify an existing school building in a manner that may affect the seismic risk category of a school?                        |
|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Yes 🔘                                                                                                                                            |
| No •                                                                                                                                             |
| a. If No you are finished – Please go to the end of the form for submittal instructions                                                          |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was modified                                                         |
| i. Name and address of the school where structure was modified                                                                                   |
|                                                                                                                                                  |
| ii. Exact structure or structures that were modified (for example, gymnasium, main<br>building, etc.)                                            |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                        |
| iv. Date the structure was re-occupied after modification                                                                                        |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering report                                                       |
| Please attach to email when you submit this form.                                                                                                |
| d. Optional - cost and method of seismic rehabilitation funding (grant through<br>Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                                  |

6 of 9 07/12/2012

| i. Name and address of the school where structure was modified                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

# Oregon Schools Seismic Feedback Form **General information:** 1. Date of submittal August 21, 2012 2. County Douglas 3. School district or special education district South Umpqua School District 4. Name and title of person submitting report Chris Davidson Director of Fiscal Services 5. Year for reporting - Please submit separate forms for each year of reporting 2008

| Specific information:                                                                                 |
|-------------------------------------------------------------------------------------------------------|
| 6. Did the district replace any school structures with new buildings during the eporting year?        |
| Yes O                                                                                                 |
| a. If No please go to question #7                                                                     |
| o. If Yes please fill out the following information FOR EACH STRUCTURE that was replaced              |
| i. Name and address of the school where structure was replaced                                        |
| ii. Exact structure or structures that were replaced (for example, gymnasium, mair<br>building, etc.) |
| iii. Type of replacement building (for example, tilt-up, masonry, wood frame, etc.)                   |
| Iv. Maximum occupancy of new structure                                                                |
| v. Date the new structure became occupied                                                             |
|                                                                                                       |

| 7. Did the district modify an existing school building in a manner that may affect the seismic risk category of a school?                     |
|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Yes O                                                                                                                                         |
| No 💿                                                                                                                                          |
| a. If No you are finished – Please go to the end of the form for submittal instructions                                                       |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was modified                                                      |
| i. Name and address of the school where structure was modified                                                                                |
|                                                                                                                                               |
|                                                                                                                                               |
|                                                                                                                                               |
| ii. Exact structure or structures that were modified (for example, gymnasium, main<br>building, etc.)                                         |
|                                                                                                                                               |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                     |
|                                                                                                                                               |
| iv. Date the structure was re-occupied after modification                                                                                     |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering                                                           |
| Please attach to email when you submit this form.                                                                                             |
| d. Optional – cost and method of seismic rehabilitation funding (grant through Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                               |

| i. Name and address of the school where structure was modified                                                                                |
|-----------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                                                                               |
|                                                                                                                                               |
|                                                                                                                                               |
|                                                                                                                                               |
|                                                                                                                                               |
| ii. Exact structure or structures that were modified (for example, gymnasium, mair<br>building, etc.)                                         |
|                                                                                                                                               |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                     |
|                                                                                                                                               |
|                                                                                                                                               |
| iv. Date the structure was re-occupied after modification                                                                                     |
|                                                                                                                                               |
| <ul> <li>c. Optional – submit a copy of the seismic rehabilitation or structural engineering<br/>report</li> </ul>                            |
| Please attach to email when you submit this form.                                                                                             |
| d. Optional – cost and method of seismic rehabilitation funding (grant through Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                               |
| Please submit your completed report to:                                                                                                       |
| seismic.feedback@dogami.state.or.us                                                                                                           |
|                                                                                                                                               |
|                                                                                                                                               |
| Thank you for your cooperation.                                                                                                               |

| Oregon Schools Seismic Feedback Form                                            |
|---------------------------------------------------------------------------------|
| General information:                                                            |
| 1. Date of submittal                                                            |
| August 21, 2012                                                                 |
| 2. County                                                                       |
| Douglas                                                                         |
| 3. School district or special education district                                |
| South Umpqua School District                                                    |
| 4. Name and title of person submitting report                                   |
| Chris Davidson<br>Director of Fiscal Services                                   |
|                                                                                 |
| 5. Year for reporting – Please submit separate forms for each year of reporting |
| 2009                                                                            |

| Specific information:                                                                              |
|----------------------------------------------------------------------------------------------------|
| 6. Did the district replace any school structures with new buildings during the reporting year?    |
| Yes O                                                                                              |
| a. If No please go to question #7                                                                  |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was replaced           |
| i. Name and address of the school where structure was replaced                                     |
| ii. Exact structure or structures that were replaced (for example, gymnasium, main building, etc.) |
| iii. Type of replacement building (for example, tilt-up, masonry, wood frame, etc.)                |
| Iv. Maximum occupancy of new structure                                                             |
| v. Date the new structure became occupied                                                          |

| 7. Did the district modify an existing school building in a manner that may affect the seismic risk category of a school?                     |
|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Yes O                                                                                                                                         |
| No 💿                                                                                                                                          |
| a. If No you are finished - Please go to the end of the form for submittal instructions                                                       |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was modified                                                      |
| i. Name and address of the school where structure was modified                                                                                |
|                                                                                                                                               |
|                                                                                                                                               |
|                                                                                                                                               |
| ii. Exact structure or structures that were modified (for example, gymnasium, main building, etc.)                                            |
|                                                                                                                                               |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                     |
| iv. Date the structure was re-occupied after modification                                                                                     |
| TV. Date the structure was re-occupied after mountation                                                                                       |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering report                                                    |
| Please attach to email when you submit this form.                                                                                             |
| d. Optional – cost and method of seismic rehabilitation funding (grant through Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                               |

| i. Name and address of the school where structure was modified                                                                                   |
|--------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
| ii. Exact structure or structures that were modified (for example, gymnasium, main building, etc.)                                               |
|                                                                                                                                                  |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                        |
|                                                                                                                                                  |
| iv. Date the structure was re-occupied after modification                                                                                        |
|                                                                                                                                                  |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering report                                                       |
| Please attach to email when you submit this form.                                                                                                |
| d. Optional – cost and method of seismic rehabilitation funding (grant through<br>Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                                  |
| Please submit your completed report to:                                                                                                          |

|                                                                                                                                                  |
|                                                                                                                                                  |
| Thank you for your cooperation.                                                                                                                  |

# Oregon Schools Seismic Feedback Form **General information:** 1. Date of submittal August 21, 2012 2. County Douglas 3. School district or special education district South Umpqua School District 4. Name and title of person submitting report Chris Davidson **Director of Fiscal Services** 5. Year for reporting - Please submit separate forms for each year of reporting 2010

| Specific information:                                                                              |
|----------------------------------------------------------------------------------------------------|
| 6. Did the district replace any school structures with new buildings during the reporting year?    |
| Yes O                                                                                              |
| No 🖭                                                                                               |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was replaced           |
| i. Name and address of the school where structure was replaced                                     |
| ii. Exact structure or structures that were replaced (for example, gymnasium, main building, etc.) |
| iii. Type of replacement building (for example, tilt-up, masonry, wood frame, etc.)                |
| iv. Maximum occupancy of new structure                                                             |
| v. Date the new structure became occupied                                                          |

| 7. Did the district modify an existing school building in a manner that may affect the seismic risk category of a school?                     |
|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Yes O                                                                                                                                         |
| No 💿                                                                                                                                          |
| a. If No you are finished – Please go to the end of the form for submittal instructions                                                       |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was modified                                                      |
| i. Name and address of the school where structure was modified                                                                                |
|                                                                                                                                               |
|                                                                                                                                               |
|                                                                                                                                               |
| ii. Exact structure or structures that were modified (for example, gymnasium, main building, etc.)                                            |
|                                                                                                                                               |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                     |
|                                                                                                                                               |
| iv. Date the structure was re-occupied after modification                                                                                     |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering                                                           |
| report                                                                                                                                        |
| Please attach to email when you submit this form.                                                                                             |
| d. Optional – cost and method of seismic rehabilitation funding (grant through Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                               |

| i. Name and address of the school where structure was modified                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| Thank you for your cooperation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| I Hallk you for your cooperation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

# Oregon Schools Seismic Feedback Form **General information:** 1. Date of submittal August 21, 2012 2. County Douglas 3. School district or special education district South Umpqua School District 4. Name and title of person submitting report Chris Davidson **Director of Fiscal Services** 5. Year for reporting - Please submit separate forms for each year of reporting 2011

| Specific information:                                                                              |
|----------------------------------------------------------------------------------------------------|
| 6. Did the district replace any school structures with new buildings during the reporting year?    |
| Yes O                                                                                              |
| No 💽                                                                                               |
| a. If No please go to question #7                                                                  |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was replaced           |
| i. Name and address of the school where structure was replaced                                     |
| ii. Exact structure or structures that were replaced (for example, gymnasium, main building, etc.) |
| iii. Type of replacement building (for example, tilt-up, masonry, wood frame, etc.)                |
| iv. Maximum occupancy of new structure                                                             |
| v. Date the new structure became occupied                                                          |
|                                                                                                    |

| 7. Did the district modify an existing school building in a manner that may affect the seismic risk category of a school?                     |
|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Yes 🔘                                                                                                                                         |
| No •                                                                                                                                          |
| a. If No you are finished - Please go to the end of the form for submittal instructions                                                       |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was modified                                                      |
| i. Name and address of the school where structure was modified                                                                                |
|                                                                                                                                               |
|                                                                                                                                               |
| ii. Exact structure or structures that were modified (for example, gymnasium, main building, etc.)                                            |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                     |
| iv. Date the structure was re-occupied after modification                                                                                     |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering report                                                    |
| Please attach to email when you submit this form.                                                                                             |
| d. Optional – cost and method of seismic rehabilitation funding (grant through Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                               |

| i. Name and address of the school where structure was modified                                                                                   |
|--------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
| ii. Exact structure or structures that were modified (for example, gymnasium, mai<br>building, etc.)                                             |
|                                                                                                                                                  |
| <ol> <li>Type of modification to the building (for example, awnings anchored, structura<br/>reinforcement, etc.)</li> </ol>                      |
| iv. Date the structure was re-occupied after modification                                                                                        |
|                                                                                                                                                  |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering report                                                       |
| Please attach to email when you submit this form.                                                                                                |
| d. Optional – cost and method of seismic rehabilitation funding (grant through<br>Seismic Rehabilitation Grant Program, local school bond, etc.) |
| Place submit your completed report to:                                                                                                           |
| Please submit your completed report to: seismic.feedback@dogami.state.or.us                                                                      |
| SEISIHICA CEGNACK GOGATHI STATE OF MAS                                                                                                           |
|                                                                                                                                                  |
| Thank you for your cooperation.                                                                                                                  |

| Oregon Schools Seismic Feedback Form                                            |  |
|---------------------------------------------------------------------------------|--|
| General information:                                                            |  |
| . Date of submittal                                                             |  |
| August 21, 2012                                                                 |  |
| 2. County                                                                       |  |
| Douglas                                                                         |  |
| 3. School district or special education district                                |  |
| South Umpqua School District                                                    |  |
| 1. Name and title of person submitting report                                   |  |
| Chris Davidson<br>Director of Fiscal Services                                   |  |
|                                                                                 |  |
| 5. Year for reporting – Please submit separate forms for each year of reporting |  |
| 2012                                                                            |  |

| Specific information:                                                                              |
|----------------------------------------------------------------------------------------------------|
| 6. Did the district replace any school structures with new buildings during the reporting year?    |
| Yes O                                                                                              |
| No O                                                                                               |
| a. If No please go to question #7                                                                  |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was replaced           |
| i. Name and address of the school where structure was replaced                                     |
| ii. Exact structure or structures that were replaced (for example, gymnasium, main building, etc.) |
| iii. Type of replacement building (for example, tilt-up, masonry, wood frame, etc.)                |
| iv. Maximum occupancy of new structure                                                             |
| v. Date the new structure became occupied                                                          |

| 7. Did the district modify an existing school building in a manner that may affect the seismic risk category of a school?                     |
|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Yes O                                                                                                                                         |
| No 💿                                                                                                                                          |
| a. If No you are finished – Please go to the end of the form for submittal instructions                                                       |
| b. If Yes please fill out the following information FOR EACH STRUCTURE that was modified                                                      |
| i. Name and address of the school where structure was modified                                                                                |
|                                                                                                                                               |
|                                                                                                                                               |
| ii. Exact structure or structures that were modified (for example, gymnasium, main building, etc.)                                            |
| iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)                                     |
| iv. Date the structure was re-occupied after modification                                                                                     |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering report                                                    |
| Please attach to email when you submit this form.                                                                                             |
| d. Optional – cost and method of seismic rehabilitation funding (grant through Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                               |

| i. Name and address of the school where structure was modified                                                                                   |
|--------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
|                                                                                                                                                  |
| ii. Exact structure or structures that were modified (for example, gymnasium, main building, etc.)                                               |
| iii. Type of modification to the building (for example, awnings anchored, structural                                                             |
| reinforcement, etc.)                                                                                                                             |
| iv. Date the structure was re-occupied after modification                                                                                        |
|                                                                                                                                                  |
| c. Optional – submit a copy of the seismic rehabilitation or structural engineering report                                                       |
| Please attach to email when you submit this form.                                                                                                |
| d. Optional – cost and method of seismic rehabilitation funding (grant through<br>Seismic Rehabilitation Grant Program, local school bond, etc.) |
|                                                                                                                                                  |
| Please submit your completed report to:                                                                                                          |
| <u>seismic.feedback@dogami.state.or.us</u>                                                                                                       |
|                                                                                                                                                  |
| Thank you for your cooperation.                                                                                                                  |
