2022-23 AmeriCorps Formula Funding Grant Opportunity

Request for Applications (RFA)

Application Due Date: April 11th, 2022, 11:59PM PST

Important Notice to Applicants: This Request for Applications ("RFA") uses an abridged version of the AmeriCorps Notice of Funding Opportunity ("NOFO") so that it is tailored to the sub-grantee level of Oregon’s local statewide competition. Federal 2022-23 AmeriCorps NOFO, found here: https://americorps.gov/funding-opportunity/fy-2022-americorps-state-national-grants#Funding.

1. **INTRODUCTION**

The State of Oregon, acting by and through its Higher Education Coordinating Commission (HECC) ("Agency") is issuing this RFA for the OregonServes State Service Commission’s ("OSC") 2022-23 AmeriCorps Formula Funding Grant Opportunity.

OSC is housed within the HECC and administered through the Office of Workforce Investments ("OWI"). As the AmeriCorps State Service Commission in Oregon, OSC administers state AmeriCorps Program Grants. The 2022-23 AmeriCorps Formula Funding Grant Opportunity is funded through OSC’s AmeriCorps State Formula Funding Allocation and provides grant funding for two types of AmeriCorps program models: *Formula Cost-Reimbursement Grants and Formula Fixed Cost Grants*.

HECC is issuing this RFA pursuant to its authority under ORS 350.075 and ORS 660.500.

2. **DEFINITIONS**

For the purposes of this RFA, capitalized words will refer to the following definitions. Capitalized terms not specifically defined in this document are defined in OAR 125-246-0110.

- *Applicant* means an entity that submits an Application in response to this Request for Applications.
- *Application* means a written response to this Request for Applications.
- *AmeriCorps* is the federal agency connecting individuals and organizations to tackle the nation’s most pressing challenges.
- *AmeriCorps Members* – indicates full- or part-time terms of service. Members commit their time to address critical community needs like increasing academic achievement, mentoring youth, fighting poverty, sustaining national parks, preparing for disasters, and more.

3. **OVERVIEW**

**AMERICORPS**

The mission of AmeriCorps is to improve lives, strengthen communities, and foster civic participation through service and volunteering. AmeriCorps is a network of local, state, and national service programs that connects over 70,000 Americans each year in intensive service to meet community needs in education, the environment, public safety, health, and homeland security. AmeriCorps members serve with more than 2,000 non-profits, public agencies, and community organizations.

AmeriCorps funding allows for the placement of AmeriCorps members to:

- Tackle some of the country’s most pressing challenges through delivery of evidence-based or evidence-informed interventions or practices
- Increase the capacity of organizations dedicated to the improvement of communities.
• Grow professionally and personally through a variety of skill-building experiences and professional development activities.
• Earn a living allowance, receive childcare and health benefits, and earn an education award for continued education or repayment of student loans.

**Segal AmeriCorps Education Award**
AmeriCorps members who successfully complete a term of service will be eligible for an Education Award from the National Service Trust. The amount of the Education Award is linked to the value of the Pell Grant. A member has up to seven years after his or her term of service to use the Education Award. AmeriCorps will provide the updated Education Award amounts at the time of grant award.

NOTE: In Oregon, the Segal Education Award is exempt from Oregon State Tax (one of only five states with this exemption), allowing for members to further leverage their award.

**OREGONSERVES COMMISSION**

OSC’s mission is to “advance volunteerism, service and civic engagement to enrich lives and strengthen Oregon communities.” The Commission’s vision is “Engaged individuals, empowered communities, and an equitable Oregon.”

In support of Oregon Revised Statute (ORS) 660.500 and 45 CFR Part 2522, OSC advances national and community service in Oregon by:

• Establishing and implementing a statewide vision for volunteerism, national service, and civic engagement.
• Promoting initiatives for expansion of service opportunities and impacts.
• Introducing policy and supporting legislation that furthers the Commission’s service goals.
• Acting as a central hub for the national service network in the state and administering funding to AmeriCorps State programs to make impactful contributions in local communities.
• Championing greater diversity, equity, and inclusion in Oregon’s service and volunteer opportunities.
• Coordinating national and community service resources to ensure communities are equipped to prepare, respond, and recover from disaster.
• From youth to adult, promoting activities that instill a lifelong commitment to service, and lead to personal, educational, and career achievements.

5. **FOCUS AREAS AND FUNDING PRIORITIES**

**AMERICORPS FOCUS AREAS**

The National and Community Service Act of 1990, as amended by the Serve America Act, emphasizes measuring the impact of service and focusing on a core set of issue areas. To maximize the impact of investment in national service, AmeriCorps has the following focus areas:

**Disaster Services:** Grant activities will provide support to increase and improve disaster services for individuals and communities to prepare and adapt to disasters, including but not limited to climate change events. Activities will provide support to improve readiness to respond to disasters, support recovery efforts from disasters, and/or assist in the implementation of pre-disaster mitigation and adaptation measures. Grants will support communities and individuals in planning for disasters, in particular, engaging disadvantaged communities in the planning process.

**Economic Opportunity:** Grants will provide support and/or facilitate access to services and resources that contribute to the improved economic well-being and security of economically disadvantaged people; help economically disadvantaged people, to have improved access to services that enhance financial literacy; transition into or remain in safe, healthy, affordable housing; and/or have improved employability leading to increased success in becoming employed.
**Education:** Grants will provide support and/or facilitate access to services and resources that contribute to improved educational outcomes for economically disadvantaged children; improved school readiness for economically disadvantaged young children; improved educational and behavioral outcomes of students in low-achieving elementary, middle, and high schools; and/or support economically disadvantaged students’ preparation for success in post-secondary educational institutions.

**Environmental Stewardship:** Grants will support responsible stewardship of the environment, while preparing communities for challenging climate and environmental circumstances and helping Americans respond to and recover from disruptive events: programs that conserve natural habitats; protect clean air and water; maintain public lands; support wildland fire mitigation and sustainable forest management; cultivate individual and community resilience; and provide reforestation services after floods or fires, such as nature-based solutions.

**Healthy Futures:** Grants will provide support for activities that will address the opioid crisis; increase seniors’ ability to remain in their own homes with the same or improved quality of life for as long as possible; and/or increase physical activity and improve nutrition with the purpose of reducing obesity.

**Veterans and Military Families:** Grants will improve the quality of life of veterans and improve military family well-being; increase the number of veterans, wounded warriors, military service members, and their caregivers, families, and survivors served by AmeriCorps programs; and/or increase the number of veterans and military family members engaged in service through AmeriCorps programs.

### 2022 AMERICORPS FUNDING PRIORITIES

In 2022, AmeriCorps seeks to prioritize the investment of national service resources in the areas or through the organizations listed below:

- **Efforts to help local communities respond to and recover from the COVID-19 pandemic** - Applicants may propose programming to aid communities in their efforts to recover from the COVID-19 pandemic, including outcomes of COVID-19 on student subgroups described in the Elementary and Secondary Education Act.

- **Educational opportunity and economic mobility** for communities experiencing persistent unemployment or underemployment, and students experiencing homelessness or those in foster care.

- **Programs that prioritize civic engagement and social cohesion.**

- **Evidence-based interventions on the AmeriCorps Evidence Exchange that are assessed as having Moderate or Strong evidence.** Please note that many of these interventions have demonstrated effectiveness in improving outcomes for individuals living in underserved communities and that the agency has committed resources to supporting grantees seeking to replicate and evaluate these interventions in similar communities. [https://americorps.gov/about/our impact/evidence-exchange](https://americorps.gov/about/our impact/evidence-exchange).

- **Veterans and Military Families, Caregivers, and Survivors** – a program model that improves the quality of life of veterans and improves the well-being of military families, caregivers, and survivors.

- **Rural intermediaries** - organizations that demonstrate measurable impact and primarily serve rural communities with limited resources and organizational infrastructure.
• **Environmental Stewardship and climate change** including renewable energy and energy efficiency, building community resilience, sustainable food systems and agriculture, and conservation and habitat preservation.

• **Faith-based organizations.**

• **Economic Mobility Corps** - a joint initiative with the Community Development Financial Institutions Fund to place national service members at Certified Community Development Financial Institutions to enhance their capacity to provide financial literacy, financial planning, budgeting, saving, and other financial counseling activities in distressed and underserved areas.

In addition to the stated AmeriCorps priorities above, OSC has the following priorities for funding:

• **Resource Gaps:** Activities that may include education and youth development, addressing learning loss, and supporting social-emotional child development.

• **Community Resiliency:** Activities that develop the capacity of communities such as building volunteer capacity, engaging community members as first responders, and improving partnerships and coalition-building among local organizations and agencies.

• **COVID-19 Pandemic Recovery:** Activities that center and serve communities who are disproportionately affected by COVID-19.

• **Environmental Equity:** Activities that improve natural environments such as wildfire mitigation, renewable energy and energy efficiency, sustainable food systems, and conservation and habitat preservation.

• **Health Disparities:** Activities that increase access to health care, including behavioral and mental health care, especially in underserved communities.

• **Housing Affordability and Rent Initiatives:** Activities that support community members with insecure housing such as conducting outreach to unhoused community members, delivery of services to unhoused individuals, and supporting affordable housing initiatives.

• **Racial Equity:** Activities that center and serve communities who are systemically underrepresented and under-resourced, including activities that aim to remove structural racial inequities, advance racial equity and increase opportunity to achieve sustainable change in communities.

• **Rural Programming:** Activities that increase capacity and meet urgent needs in rural communities.

• **School-to-Prison Pipeline:** Activities that seek to dismantle the school-to-prison pipeline for under-resourced communities such as youth mentorship, improving family relationships with schools, and alternatives to traditional school discipline policies.

• **Systemic Economic Disadvantages:** Activities that lift poverty such as supporting safety net programs, delivering financial literacy education, and providing tax preparation assistance.

• **Workforce Impacts:** Activities that support transitions into the workforce such as pre-apprenticeship programs, skill development, and connecting individuals with employers. Program models that elevate the skill-building and career development benefits of
AmeriCorps through certifications, credentialing, course for credit, and/or other additional benefits through partnerships with educational institutions.

**Commitment to Diversity, Equity, and Inclusion**

AmeriCorps advances racial and economic equity by expanding economic opportunity for vulnerable populations. Racial and economic equity must be infused through the planning and implementation of all priorities. AmeriCorps programs should reflect the diversity of the American people and the communities in which they serve. AmeriCorps programs should be designed for and structured to accommodate the inclusion of all Americans.

Additionally, OSC applies the HECC’s Equity Lens to its operations, upon the belief that:

*Individuals within a community and communities within a larger society need the ability to shape their own present and future, and OYC believes that workforce development and education are fundamental aspects of Oregon’s ability to thrive. Equity is both the means to success and an end that benefits us all. Equity requires the intentional examination of systemic policies and practices that, even if they have the appearance of fairness, may in effect serve to marginalize some and perpetuate disparities. Data are clear that Oregon demographics have been changing to provide rich diversity in race, ethnicity, and language. Working toward equity requires an understanding of historical contexts and the active investment in changing social structures and practice over time to ensure that youth from all communities have the opportunities and support to realize their full potential. Creating a culture of equity requires monitoring, encouragement, resources, data, and opportunity.*

Therefore, OSC prioritizes and emphasizes program models that:

- Demonstrate impact in communities within the six focus areas as described above under “AmeriCorps Focus Areas”.
- Expand AmeriCorps opportunities in Oregon by providing access to AmeriCorps members for small organizations and rural communities through intermediary programs.
- Serve historically underserved and/or underrepresented communities within Oregon and recruit AmeriCorps members from the communities in which they serve.

To receive priority consideration, Applicants must show that the priority area is a significant part of the program focus and intended outcomes. Proposing programs that receive priority consideration does not guarantee funding.

6. **Funding Overview**

This RFA is for providing operating grants to eligible organizations seeking to operate an AmeriCorps program. The funding for this RFA is provided through the annual AmeriCorps State Formula Funding allocation to OSC, as the state service commission.
Funding is not guaranteed and is subject to the availability of funds, and final approval by AmeriCorps, the federal agency. OSC reserves the right to prioritize providing funding for continuation Applicants. The actual level of funding available through the AmeriCorps State Formula Funding allocation will be subject to the availability of annual appropriations. Award amounts will vary, as determined by the scope of the projects. This RFA is for Single-State Applicants only.

Grant Types

AmeriCorps Operating Grants: *Formula Cost Reimbursement or a Fixed Amount grant.* Planning Grant Applications will be requested under a separate Request for Application process.

Project and Award Period

The AmeriCorps program year in Oregon typically runs from August – July. Programs may request no cost extensions to conclude their programs up to three months later than the program end date stipulated in the grant award. AmeriCorps members are limited to serving a 12-month or shorter term within the program year. The grant award covers a three-year project period unless otherwise specified. In most cases, the Application is submitted with a one-year budget. Continuation funding for subsequent years is not guaranteed and shall be dependent upon availability of appropriations and satisfactory performance.

The project start date may not occur prior to the date AmeriCorps awards the grant. AmeriCorps members may not enroll prior to the start date of the award. AmeriCorps members may not begin service prior to the beginning of the member enrollment period as designated in the grant award. A program may not certify any hours a member performs prior to becoming a member in the system of record and the beginning of the member enrollment period.

Eligibility: Application Types

A. **New AmeriCorps State Formula Grant Applications**
   OSC encourages organizations that have not received prior funding from AmeriCorps to apply. The general practice is to award no more than 20 member positions to organizations receiving an AmeriCorps award for the first time. New Applicants are eligible to apply for a Cost Reimbursement Grant but are not eligible to apply for Full-Cost Fixed Amount Grants.

B. **Continuation AmeriCorps State Formula Grant Applications**
   Organizations that have current AmeriCorps awards that do not end in the 2021-22 program year must submit a continuation Application to be eligible to receive funding for the following year. Requests by existing continuation Applicants for increases in the level of funding or number of positions will be assessed using the criteria under this RFA.

C. **Recompeting AmeriCorps State Formula Grant Applications**
   Current OSC-funded programs with a 3-year funding cycle that ends in the 2021-22 program year are considered to be in “recompete” status. These Applicants may apply for a new 3-year award under this RFA.

Eligibility: Applicant Organizations
Applicants must have a valid SAM registration and DUNS and/or Unique Entity Identifier to receive an award.

The following Non-Federal entities (as defined in 2 C.F.R. §200.69) are eligible to apply:

- Indian Tribes
- Institutions of higher education
- Local governments
- Nonprofit organizations
- States

Ineligibility

Organizations that propose to operate an AmeriCorps program serving more than one state, territory, or federally recognized Indian Tribes are not eligible to apply under this RFA and must apply directly to AmeriCorps during AmeriCorps’ separate Tribal and Competitive AmeriCorps National Direct funding opportunities.

Organizations that have been convicted of a federal crime are automatically disqualified. Applications that propose to engage in activities that are prohibited under AmeriCorps’ statutes, regulations, or the terms and conditions of its awards are not eligible to receive AmeriCorps funding. Pursuant to the Lobbying Disclosure Act of 1995, an organization described in Section 501 (c)(4) of the Internal Revenue code of 1986, 26 U.S.C. § 501 (c)(4) that engages in lobbying activities is not eligible to apply.

7. PROGRAM REQUIREMENTS

Each Applicant must describe a project that will deploy AmeriCorps members effectively to solve a significant community problem. AmeriCorps and OSC urges Applicants to submit high quality Applications that carefully follow the guidance in this RFA and in the Application Instructions. The quality of an Application will be an important factor in determining whether an organization will receive funding.

Threshold Requirements

Applications should reflect that they meet the following threshold requirements for the grant type for which they are applying.

- OSC strongly encourages Applicants to create and maintain the most intensive and personally meaningful term of service for members in their program designs. AmeriCorps is designed to enable members to commit a significant amount of time per week in service.
  - If 300-hour minimum-time and 450-hour quarter-time positions are included in the program design, preference is given to those completed over the summer or a short time period rather than over a school or calendar year.
  - If the proposed service activities require specialized member qualifications and/or training (for example, tutoring programs: 45 C.F.R. §2522.910-.940), the Applicant must describe how the program will meet these requirements.
• A funded program must have a well-defined partnership with at least three independent entities, including at least one public and one private (nonprofit or for-profit). OSC prefers partners to have an ongoing role in planning, operating, and sustaining the program (e.g., match contribution, training, assessment, quarterly meetings, etc.) to ensure the success of the program.
• All Applicants must propose program designs that are either evidence-based or evidence informed. Applicants assessed as lower than the Preliminary evidence tier (i.e., Pre-Preliminary) must provide adequate responses to the Evidence Quality review criteria to be considered for funding.
• Recompete and Continuation Applicants’ program design must have a minimum of 10 AmeriCorps members.
• New Applicants may request a minimum of 5 members for their first program year but are required to meet the 10-member minimum when applying for their second-year continuation grant.
• New Applicants may only request a maximum of 20 AmeriCorps members for their first three-year program grant.
• Grantees shall follow all federal, state, and local COVID-19 guidance requirements.

**Performance Measures**

All Applications must include at least one aligned performance measure (output and outcome) that corresponds to the proposed primary intervention. This may be a National Performance Measure or an Applicant-determined measure. See the Performance Measure Instructions for details about performance measure requirements and selection rules.

**Data Collection**

OSC provides grantees with an OnCorps Grant Management System account, free of cost.

All grantees of OSC are required to use the OSC OnCorps grant management system for including, but not limited to: grantee progress reports, fiscal reimbursement requests, amendment requests, required reports and member timekeeping.

If a grantee has an existing comparable system for timekeeping and considers converting the data to a new system as an undue burden to the program, they may submit a waiver, during the grant award and agreement process, requesting exemption from this requirement.

**Reporting**

All Applicants will be required to submit required reports, including progress reports, service reports, fiscal reports, and program evaluation information, by stated deadlines.

**Required Meetings**
Professional development is an integral part of the AmeriCorps experience. In support of grantee program staff and AmeriCorps members, OSC hosts, or provides access to, multiple training and technical assistance events through the program year.

Some events are required for OSC grantees, while others are optional attendance. Meetings and events may be hosted virtually or in-person; in person events are typically scheduled to occur in Salem, Oregon. Applicants should include travel costs and/or registration fees (as applicable) in their Application budget.

- **Monthly Grantee Information Call** (required) A monthly 1-hour call for grantees that covers timely topics, training information, grantee information and news and updates on national service.

- **Annual Grantee Meeting** (required): An annual event held near the start of the program year. This event brings grantee staff together to share best practices, network, and receive essential training on grant and program management. This event is mandatory for primary program and fiscal staff from each grantee program. Additional representatives from the grantee organization are invited to attend, space permitting. (TBD if this event will be virtual or in-person in 2022)

**Required Training Events**

- **Annual Oregon AmeriCorps Kick-Off Event** (required): An annual virtual event, held near the beginning of the service year, to celebrate incoming AmeriCorps members and prepare them for their term of service.

- **Pacific-Northwest Regional Training Conference** (required): An annual regional conference hosted by the national association for state commissions, America’s Service Commissions. Location and dates vary annually. Programs are required to send a minimum of one staff member.

In addition to the above trainings, OSC provides access to additional training opportunities through the national association, America’s Service Commissions (ASC). These trainings are optional and typically cover topics such as recruitment and retention, volunteer management, evaluations, and evidence tiers. OSC also provides an annual training series and cohort dedicated to anti-racism and racial equity learning, open to AmeriCorps grantee staff, members, and site supervisors.

**Days of Service Events**

OSC strives to create a strong platform for promoting volunteerism and civic engagement through service. To convey to AmeriCorps members, and community volunteers, that they are participants in a larger service movement that extends beyond their local community, programs are required to participate in National Day of Service events and service projects.

Programs are required to provide opportunities for members to participate in at least two service projects per program year. At least one of the service projects must be an official AmeriCorps National Day of Service event, which includes Martin Luther King, Jr. Day of Service and the 9/11 Day of Service and Remembrance. Programs may also choose to celebrate the following: Cesar Chavez Day, Make a Difference Day, Global Youth Service Day, Earth Day, or AmeriCorps Week.
Orientation and End-Of-Service Term Events

AmeriCorps programs must conduct both a swearing-in and year-end-service ceremony for all cohorts/classes of members.

National Service Criminal History Checks

The National Service Criminal History Check ("NSCHC") is a specific screening procedure established by law to protect the beneficiaries of national service. OSC and AmeriCorps encourages grantees to minimize barriers to service without putting their program beneficiaries at genuine risk. The law requires AmeriCorps programs to conduct and document NSCHC on all "covered positions." A "covered position" is one in which an individual serving or employed receives a living allowance, stipend, education award, or salary, through either the federal share or grantee share of a national service program. This includes staff that receive all or part of their salary through an AmeriCorps grant. An individual is ineligible to serve in a position that receives such AmeriCorps funding if the individual is registered, or required to be registered, as a sex offender or has been convicted of murder. An individual is also ineligible if they refuse to consent to a criminal history check or makes a false statement in connection with a criminal history check.

The cost of conducting NSCHCs is an allowable expense under the award. OSC requires Applicants to utilize the two vendors (Field print and Truescreen) that AmeriCorps has engaged to conduct the required NSCHCs. Failure to conduct an NSCHC may result in significant disallowed costs. Unless AmeriCorps has provided a grant recipient with a written exemption or written approval of an alternative search procedure, recipients must perform the following checks.

Programs must complete the following checks for all covered positions:

- A nationwide name-based search of the National Sex Offender Public Website ("NSOPW"); and
- A name- or finger-based search of the statewide criminal history registry in the person’s state of residence and in the state where the person will serve/work (Oregon); and
- A fingerprint-based FBI criminal history check.

All checks must be conducted, reviewed, and an eligibility determination made before the individual begins work or service.

Note: As stated above, OSC policy requires that subgrantees complete all three checks for all individuals in covered positions, regardless of whether the individuals have recurring access to vulnerable populations. This requirement is more stringent than the AmeriCorps policy.

Applicants’ budgets should account for costs of all background checks required to meet required federal and state requirements (as applicable). If the Applicant does not include the cost of background checks in its budget, the Application must contain an explanation for this omission.

Minimum and Maximum Living Allowance

Except as noted below, AmeriCorps programs must establish a living allowance for members that falls within these minimum and maximum amounts:
<table>

**Exceptions to The Living Allowance Requirements**

- Programs existing prior to September 21, 1993 are not required to offer a living allowance. If an Applicant chooses to offer a living allowance, it is exempt from the minimum requirement, but not the maximum requirement.
- EAP Grantees are not required to provide a living allowance, but if a living allowance is provided, it must comply with the maximum requirements set forth in the Living Allowance Table above.
- Professional Corps Grantees must provide members a living allowance or salary, which must meet the minimum, but may exceed the maximum living allowance set in the Living Allowance Table above. Professional Corps member salaries and benefits including childcare are paid entirely by the organizations with which the members serve; and are not included in the budget request to AmeriCorps (Federal share).

*AmeriCorps requires Professional Corps programs to cover the operating expenses associated with the AmeriCorps program through non-AmeriCorps resources. AmeriCorps will only consider operating funds of up to $1,000 per MSY if an Applicant is able to demonstrate significant organizational financial need.

** Per 42 U.S.C. 12581a, the Corporation may provide the operational support under this section for a program in an amount that is not more than $800 per individual enrolled in an approved national service position, or not more than $1,000 per such individual if at least 50 percent of the persons enrolled in the program are disadvantaged youth.

*** Except planning grants.

****$18,000 adjusted for inflation as measured by the Consumer Price Index for all Urban Consumers.
AmeriCorps reserves the right to 1) treat an Applicant that meets the statutory requirements of a Professional Corps as such, whether or not they submitted their Application as a professional corps program; and 2) determine whether an Applicant has demonstrated inability to effectively operate in the absence of AmeriCorps operating funds.

Member Living Allowance

A living allowance is not considered a salary or a wage. Programs are not required to provide a living allowance for members serving in less than full-time terms of service. If a program chooses to provide a living allowance to a less than full-time member, it must comply with the maximum limits in the table below. For Cost Reimbursement grants, the amount must be included in the proposed budget as either AmeriCorps or grantee share. Exceptions are noted below.

While Fixed Amount grant Applicants are not required to submit detailed budgets, they are still required to provide a living allowance to members that complies with the minimum and maximum requirements. Exceptions noted below. Fixed Amount grant Applicants should indicate that amount in the Application.

Maximum Cost Per Member Service Year

The AmeriCorps “Cost Per MSY” is determined by dividing the AmeriCorps share of budgeted grant costs by the number of MSYs requested. It does not include childcare or the value of the education award a member may earn. The maximum amount an Applicant may request from AmeriCorps per MSY is determined on an annual basis.

</tbody>
</table>

*OSC reserves the right to consider a higher CPMSY for individual Applicants due to special circumstances, such as disaster. The maximum that can be awarded for any individual formula program is $28,800 per MSY.

MATCH AND COST REQUIREMENTS

Full-Cost Fixed Amount Grants: There is no match requirement for Fixed Amount grants. AmeriCorps does not provide all the funds necessary to operate the program; therefore, organizations should raise the additional revenue required to operate the program. NOTE: New Applicants are eligible to apply for the Cost Reimbursement grant but are not eligible to apply for Full-Cost Fixed Amount grants.
Cost Reimbursement Grants: Applicants are required to match funds based on the chart below. The Applicant’s match can be non-AmeriCorps cash and/or in-kind contributions. Applicants must indicate whether the match is proposed or secured. Applicants must demonstrate the ability to meet the match requirement at the time of Application submission. See Section D.6. Funding Restrictions in the AmeriCorps NOFO for more information.

A first-time successful Applicant is required to match at 24 percent for the first three-year funding period. Starting with year four, the match requirement gradually increases every year to 50 percent by year ten, according to the minimum overall share chart found in 45 C.F.R. §2521.60 and below.

Law requires that grantees that use other Federal funds as matching funds for an AmeriCorps grant to report those amounts and sources to AmeriCorps on a Federal Financial Report. Grantees must track and be prepared to report on that match separately each year and at closeout.

Alternative Match

Under certain circumstances, Applicants may qualify to meet alternative matching requirements that increase over the years to 35 percent instead of 50 percent as specified in the regulations. To qualify, Applicants must demonstrate that the proposed program is either located in a rural county or in a severely economically distressed community as defined in the Application Instructions. Applicants who plan to request an alternative match schedule must submit a request to OSC at the time the Application is submitted. OSC will then submit the request to AmeriCorps on the Applicant’s behalf.

Match Waiver

AmeriCorps may waive, in whole or in part, the requirements of §§ 2521.45 and 2521.60 if AmeriCorps determines that a waiver would be equitable because of a lack of available financial resources at the local level. In recent years AmeriCorps granted a blanket match waiver related to COVID-19. However, AmeriCorps has not issued a blanket match waiver for FY2022-2023 at this time and has instead issued guidance for requesting individual match waivers. Applicants wishing to submit a match waiver specific to their program must submit their request and supporting documentation to OSC for review. Such requests must be approved by OSC before they will be submitted to AmeriCorps for consideration. There will be possible match replacement utilizing American Rescue Plan funds later in the program year. Specific instructions will be provided to grant subrecipients at a later date.
**Indirect Costs**

Application budgets may include indirect costs. Based on qualifying factors, Applicants may either use a federally approved indirect cost rate, a 10 percent de minimis rate of modified total direct costs, or may claim certain costs directly, as outlined in 2 CFR 200.413. States, local governments, and Indian Tribes may use previously approved indirect cost allocation plans. All methods must be applied consistently across all federal awards. Applicants that have a federal negotiated indirect cost rate or that will be using the 10 percent de minimis rate must enter that information in the Organization section in eGrants. However, under section 121(d) of the NCSA and AmeriCorps’s regulations at 45 CFR 2521.95 and 2540.110, no more than five percent of award funds may be used to recover indirect costs on AmeriCorps State and National grants.

The instructions for how to enter the organization’s indirect cost rate are located here: [eGrants Indirect Cost Rate Instructions FINAL.docx](live.com)

Applicants should not submit documentation addressing the indirect cost rate agreement via email.

**NOTE:** To request a Federally negotiated indirect cost rate agreement, when AmeriCorps is the applicable cognizant agency for an organization’s indirect costs, the Applicant must submit a request to: **IndirectCostRate@cns.gov**. The Applicant may also obtain instructions and additional information by contacting the email address above.

**Pre-Award Costs**

Pre-award costs, where authorized, are allowed after receiving written approval from AmeriCorps. Approvals are acquired through an initial request to OSC.

Page Limits

Some sections of the Application have page limits, as the pages print out from eGrants.

- The total of Sections 1-2 must not exceed 10 double-spaced pages
- Rural Intermediary programs’ Applications are held to a 12-page limit for the total of Section 1-2.
- The Logic Model may not exceed three pages when printed with the Application from the “Review” tab in AmeriCorps’ web-based management system.

A. EXECUTIVE SUMMARY (REQUIRED - 0 PERCENT)

Please fill in the blanks of these sentences to complete the Executive Summary. Do not deviate from the template below.

The [Name of the organization] proposes to have [Number of] AmeriCorps members who will [service activities the members will be doing] in [the locations the AmeriCorps members will serve]. At the end of the first program year, the AmeriCorps members will be responsible for [anticipated outcome of project]. In addition, the AmeriCorps members will leverage [number of leveraged volunteers, if applicable] who will be engaged in [what the leveraged volunteers will be doing.]

This program will focus on the AmeriCorps focus area(s) of [Focus Area(s)]. * The AmeriCorps investment of $[amount of request] will be matched with $[amount of projected match], $[amount of local, state, and Federal funds] in public funding and $[amount of non-governmental funds] in private funding.

*If the program is not operating in an AmeriCorps focus area, omit this sentence.

Fixed-Amount grant Applicants (EAP, Full-Cost Fixed, No Cost Slots) should list their Other Revenue (see Mandatory Supplemental Information) because they are not required to provide a specific amount of match, but still raise significant additional resources to operate the program.

B. PROGRAM DESIGN (50 PERCENT)

Reviewers will consider the quality of the Application’s response to the criteria below. Do not assume all sub-criteria are of equal value. Please ensure the Theory of Change and Logic Model incorporates the funding priorities listed above.

1. Theory of Change and Logic Model (24 Points)

The Theory of Change shall address:

- The problem is prevalent and severe in communities where the program plans to serve and has been documented with relevant data.
- The proposed intervention is responsive to the identified community problem.
• The Applicant’s proposed intervention is clearly articulated including the design, dosage, target population, and roles of AmeriCorps members and (if applicable) leveraged volunteers.
• The Applicant’s intervention is likely to lead to the outcomes identified in the Applicant’s Theory of Change.
• The expected outcomes articulated in the Application narrative and logic model represent meaningful progress in addressing the community problem identified by the Applicant.
• The rationale for utilizing AmeriCorps members to deliver the intervention(s) is reasonable.
• The service role of AmeriCorps members will produce significant contributions to existing efforts to address the stated problem.

The Logic Model shall depict:

• A summary of the community problem, including the role current or historical inequities faced by underserved communities may play in contributing to the problem.
• The inputs or resources that are necessary to deliver the intervention, including but not limited to:
  • Locations or sites in which members will provide services
  • Number of AmeriCorps members who will deliver the intervention
  • The core activities that define the intervention or program model that members will implement or deliver, including:
    • The duration of the intervention (e.g., the total number of weeks, sessions, or months of the intervention)
    • The dosage of the intervention (e.g., the number of hours per session or sessions per week)
    • The target population for the intervention (e.g., disconnected youth, third graders at a certain reading proficiency level)
    • The measurable outputs that result from delivering the intervention (i.e., number of beneficiaries served, types and number of activities conducted). If applicable, identify which National Performance Measures will be used as output indicators
    • Outcomes that demonstrate changes in knowledge/skill, attitude, behavior, or condition that occur as a result of the intervention. If applicable, identify which National Performance Measures will be used as outcome indicators

NOTE: The logic model is a visual representation of the Applicant’s Theory of Change. Programs should include short, medium, or long-term outcomes in the logic model. Applicants are not required to measure all components of their Theory of Change. The Applicant’s performance measures should be consistent with the program’s Theory of Change and should represent significant program activities.

• In the Application narrative, Applicants should discuss the community need as it relates to the CDC’s Social Vulnerability Index: https://www.atsdr.cdc.gov/placeandhealth/svi/index.html.
In the Application narrative, Applicants should discuss their rationale for setting output and outcome targets for their performance measures.

Rationales and justifications should be informed by the organization’s performance data (e.g., program data observed over time that suggests targets are reasonable), relevant research (e.g., targets documented by organizations running similar programs with similar populations), or prior program evaluation findings.

Applicants with multiple interventions should complete one Logic Model chart which incorporates each intervention. Logic model content that exceeds three pages will not be reviewed.

2. Evidence Base (16 Points)

The assessment of an Applicant’s evidence base has two parts. First, the Applicant will be assigned to an evidence tier (see the Mandatory Supplemental Information) Second, the quality of the Applicant’s evidence and the degree to which it supports the proposed program design, including programs aligned with the priority areas identified above, will be assessed and scored.

Evidence Tier (10 points): An evidence tier will be assessed for each Applicant for the purpose of understanding the relative strength of each Applicant’s evidence base and the likelihood that the proposed intervention will lead to outcomes identified in the logic model.

Applicants who have outcome or impact evaluation reports of the same intervention described in the Application (see Mandatory Supplemental Intervention for a definition of “same intervention”) may submit up to 2 of those reports, plus (if applicable) the evaluation report from their last three-year grant cycle, to qualify for the Preliminary, Moderate, or Strong evidence tier.

In order to qualify for consideration, the intervention evaluated in the submitted report(s) must match the intervention proposed by the Applicant in the following areas, all of which must be clearly described in the Program Design and Logic Model sections of the Application:

- Characteristics of the beneficiary population, including evidence of current or historic inequities facing the population
- Characteristics of the population delivering the intervention
- Dosage (frequency, duration) and design of the intervention, including all key components and activities
- The context in which the intervention is delivered
- Outcomes of the intervention

Submitted reports that do not sufficiently match the intervention proposed by the Applicant in all of these areas will not be considered applicable and will not be reviewed or receive any points. Submission of additional documents that are not consistent with the guidance and requirements described in the Notice (e.g., advocacy pieces, policy briefs, other narratives that are not research studies or program evaluations) will not be reviewed.

In the Evidence Tier section of the Application narrative, Applicants must (1) summarize the study design and key findings of any outcome or impact evaluation report(s) submitted and (2) describe any other
evidence that supports their program, including past performance measure data and/or other research studies that inform their program design. Applicants who submit evaluation reports for consideration must also describe in the Evidence Base section of the Application narrative how the intervention described in the submitted reports is the same as the intervention described in the Application (see Mandatory Supplemental Information).

- Applicants should provide citations for the studies they describe, if applicable; however, reviewers will not review any documents external to the Application other than evaluation report(s) submitted in accordance with the Notice instructions.
- Applicants must meet all requirements of an evidence tier in order to be considered for that tier.
- If the evaluation reports submitted by the Applicant do not meet the definitions in the Mandatory Supplemental Information, the Applicant may be considered for a lower evidence tier.

**Evidence Quality (6 points):** After the Applicant’s evidence tier has been assessed, the quality of the Applicant’s evidence and the extent to which it supports the proposed program design will be assessed and scored.

For Applicants who are assessed as being in the Preliminary, Moderate, or Strong evidence tiers, reviewers will score the submitted evaluation reports using the following standards:

- The submitted reports are of satisfactory methodological quality and rigor for the type of evaluation conducted (e.g., adequate sample size and statistical power, internal and/or external validity, appropriate use of control or comparison groups, etc.);
- The submitted reports describe evaluations that were conducted relatively recently, preferably within the last six years;
- The submitted reports show a meaningful and significant positive effect on program beneficiaries in at least one key outcome of interest.

For Applicants who are assessed as being in the Pre-Preliminary evidence tier, reviewers will score the narrative provided in the Evidence Base section of the Application using the following standards:

- The Applicant uses relevant evidence, including past performance measure data and/or cited research studies, to inform their proposed program design;
- The described evidence is relatively recent, preferably from the last six years;
- The evidence described by the Applicant indicates a meaningful positive effect on program beneficiaries in at least one key outcome of interest.

Applicants assessed in the Pre-Preliminary evidence tier who do not provide adequate responses to the Evidence Quality standards will not meet the threshold requirements for this Notice and will not be considered for funding.

All Applicants, including new grantees, are required to provide additional information in the Evaluation Summary or Plan field of the Application (See Section E. Evaluation Plan); however, information provided in the Evaluation Summary or Plan field will not be scored and will not be reviewed until after funding decisions have been made.
3. State Commission Priority (4 Points)

Applicants will create a separate heading titled State Commission Priority. Enter N/A in this section because detailed answers will be submitted via the Focus Area Questionnaire for Priority Consideration document. The Applicant will email the completed Focus Area Questionnaire for Priority Consideration document to OSC. On the document, the Applicant will indicate whether their program design and outcomes focus significantly on one or more of the priorities outlined in the State Commission Funding Priorities section of this Notice. The Applicant will outline their plan to incorporate diversity, equity, and inclusion principles into its program design, including member recruitment and support.

4. Member Experience (6 Points)

- AmeriCorps members as a result of their service will have opportunities to develop as leaders.
- AmeriCorps members will gain skills as a result of their training and service that can be utilized and will be valued by future employers after their service term is completed.
- The program has a well-defined plan to recruit AmeriCorps members from the geographic or demographic communities in which the programs operate.
- The Applicant will foster an inclusive service culture where different backgrounds, talents, and capabilities are welcomed and leveraged for learning and effective service delivery.
- The Applicant’s organization and/or program has a diversity, equity, and inclusion council that seeks to diversity its staff and board and create a supportive and safe environment as well ensure that its programming is culturally and community appropriate.

C. ORGANIZATIONAL CAPABILITY (25 PERCENT)

Reviewers will consider the quality of the Application’s response to the following criteria below. Do not assume all sub-criteria are of equal value.

1. Organizational Background and Staffing (9 Points)

- The organization details the roles, responsibilities, and structure of the staff that will be implementing the AmeriCorps program as well as providing oversight and monitoring for the program.
- The organization has facilitated, partnered, or participated in educational or workforce development programs (i.e., pre-apprenticeship/registered apprenticeship, work experience and job training programs, etc.).
- The organization has a stated commitment and plan to advance diversity, equality, and inclusion (DEI) throughout its mission, for example by using a DEI council or strategic plan.

2. Compliance and Accountability (8 Points)

- The organization has a monitoring and oversight plan to prevent and detect non-compliance and enforce compliance with AmeriCorps rules and regulations including those related to prohibited and unallowable activities and criminal history checks at the grantee, subgrantee (if applicable), and service site locations.
• The organization has sufficient policies, procedures, and controls in place to prevent, detect, and mitigate the risk of fraud, waste, abuse, and mismanagement, such as appropriate segregation of duties, internal oversight activities, measures to prevent timekeeping fraud, etc.
• The organization has an effective mechanism in place to report, without delay, any suspected criminal activity, waste, fraud, and/or abuse to both the AmeriCorps Office of Inspector General and AmeriCorps and a plan for training staff and participants on these reporting protocols.
• The AmeriCorps-required evaluation report meets AmeriCorps requirements (if applicable).
• The AmeriCorps-required evaluation report is of satisfactory quality (if applicable)

3. Culture That Values Learning (4 Points)

• The Applicant’s board, management, and staff collect and use information, including performance data, for learning and decision making.
• The Applicant’s board, management, and staff collect and use information to determine its programmatic effectiveness in serving in a community with members that are diverse.

4. Member Supervision (4 Points)

• AmeriCorps members will receive sufficient guidance and support from their supervisor to provide effective service.
• AmeriCorps supervisors will be adequately trained/prepared to follow AmeriCorps and program regulations, priorities, and expectations.

D. COST EFFECTIVENESS AND BUDGET ADEQUACY (25 PERCENT)

Reviewers will assess the quality of the Application’s budget to the following criteria below. Do not assume all sub-criteria are of equal value.

These criteria will be assessed based on the budget submitted. Do not include narrative in the narrative box except for “See budget”.

1. Cost Effectiveness and Budget Adequacy (25 Points)

• Budget is submitted without mathematical errors
• Proposed costs are allowable, reasonable, and allocable to the award.
• Budget is submitted with adequate information to assess how each line item is calculated.
• Budget complies with the budget instructions.
• Match is submitted with adequate information to support the amount written in the budget.
• The budgeted match is equal to or more than the required match for the given program year.
• The cost per MSY is equal to or less than the maximum cost per MSY.

Proposed budgets that contain MSY costs that exceed the maximum cost per MSY and/or less than required match will be considered unresponsive to the Application criteria.
Applicants must complete the budget sections in eGrants. Please refer to section VIII beginning on page 8 of the [ASN_FY22_ApplicationInstructions_Final (americorps.gov)](https://www.americorps.gov) for instructions on submission. Please ensure the following information is in the budget screens:

- Current indirect rate cost rate information if used to claim indirect/administrative costs.
- Include the State Commission indirect/administrative rate of 1% of the CNCS total, for Cost Reimbursement programs only
- Identify the non-AmeriCorps funding and resources necessary to support the project, including Fixed Amount Applicants.
- Indicate the amount of non-AmeriCorps resource commitments, type of commitments (in-kind and/or cash), the sources of these commitments, and if the commitments are proposed or secured.

**E. EVALUATION PLAN (REQUIRED FOR RECOMPETING GRANTEES - 0 PERCENT)**

For Formula Recompete Applicants, please write a narrative that includes the following elements:

1. Description of how you are or will strive to be an evidence informed program. Evidence informed programs are ones that use the best available knowledge and data collection to guide program design and implementation, but do not have scientific research or rigorous evaluation of the intervention described in the Application. Applicants may be evidence-informed if they have incorporated research from other evidence-based programs into their program designs and/or have collected performance measurement data and other data on the intervention described in the Application.

2. Description of your data collection plan that includes the following:
   a. Steps you will take to ensure the data you collect on your performance measures are good and of high quality;
   b. A description of the Applicant’s data collection plan and systems and how it is sufficient to collect high quality performance measurement data during the next three years;
   c. Other data you may collect alongside your performance measures to build a foundation for evidence informed programming so that you can determine if your member interventions are likely having an impact;
   d. A description of how the Applicant will use performance measure data and other data to learn from what is happening and improve the program in the next three years of funding.

All other Applicants should enter “N/A” in the “Evaluation Summary or Plan” field of the Narrative. Any other text entered in this field will not be reviewed.

Please note that OSC intends to work with grantees in the coming years to improve upon data collection plans and strategies with an expectation that all AmeriCorps programs are at strong evidence informed or pre-preliminary level in the next three years.

**F. AMENDMENT JUSTIFICATION (0 PERCENT)**

Enter N/A. This field will be used if the Applicant is awarded a grant and needs to amend it.
G. CLARIFICATION INFORMATION (0 PERCENT)
Enter N/A. This field will be used to enter information that requires clarification in the post review period.

H. CONTINUATION CHANGES (0 PERCENT)
AmeriCorps expects that programs will maintain a consistent program design for the duration of the three-year project period; however, we recognize that, on occasion, some programmatic changes are necessary. As a result, continuation Applicants may request the changes listed below during the continuation process. Information should be provided in the Continuation Changes narrative field as relevant.

- Changes in Operating Sites
- Significant Changes in Program Scope or Design
- Changes to Performance Measures
- Significant Changes to Monitoring Structures or Staffing
- Budget revisions

The page limit for the Continuation Changes field is six pages, as the pages print out from eGrants.

Note: Your application ID number can be found in eGrants. In the left sidebar of your Application page, the Grant Application ID is listed under Grant Application Info.

11. **APPLICATION REVIEW**

**A. Compliance Review**

- OSC staff will review all Applications submitted to OSC to determine compliance with eligibility, deadline, and completeness requirements. To be considered compliant, an Applicant must satisfy all the following requirements:
  - Submit a Notice of Intent to Apply to OSC by the deadline and be an eligible organization.
  - Submit an Application and all required additional documents by the Application submission deadline.
  - Submit an Application that is responsive, in that it contains all required elements and additional documents and follows the instructions provided in this RFA and the AmeriCorps 2022 NOFO and Supplemental Materials: Mandatory Supplemental Instructions, Performance Measure Instructions, and Application Instructions. OSC may, in its discretion, waive an omission or the Applicant may be asked to provide missing information or provide written clarification to render an Application responsive.

**B. Scoring and Clarification**

New and Recompete Applications that score at least 75% of the maximum score in the initial review will continue in the review process and will work closely with OSC staff to improve their Applications prior to final Application submission to AmeriCorps. Final applications receiving an average score less than 75% of the maximum score will be eliminated from consideration in the OSC 2022-23 AmeriCorps State grant Application review process. OSC staff will provide feedback to Applicants after the review process concludes.

**C. Submittal to AmeriCorps**

Upon grantee completion and OSC approval, OSC staff will submit the final approved Applications to AmeriCorps for further review.

**Risk Assessment**
OSC staff will assess recompeting programs’ past performance. This assessment is in addition to the evaluation of the Applicant’s eligibility for funding or the quality of its Application on the basis of the Selection Criteria. Results from this assessment will inform decisions on submitting Applications to AmeriCorps for further review.

OSC staff will evaluate the risks to the program posed by each Applicant, including conducting due diligence to ensure an Applicant’s ability to manage federal funds. This evaluation is in addition to the assessment of the Applicant’s eligibility and the quality of its Application on the basis of the Selection Criteria. Results from this evaluation will inform OSC’s decisions on submitting Applications to AmeriCorps for further review. If AmeriCorps determines that an award will be made to an Applicant with assessed risks, special conditions that correspond to the degree of assessed risk may be applied to the award. Additionally, if OSC or AmeriCorps concludes that the reasons for Applicants having poor risk assessment are not likely to be mitigated, those Applications may not be selected for funding.

In evaluating risks, OSC and AmeriCorps may consider the following criteria:

- Financial stability
- Financial capability and capacity to manage Federal funds
- Quality of management systems and ability to meet the management standards prescribed in applicable OMB Guidance
- Applicant’s record in managing previous AmeriCorps awards, cooperative agreements, or procurement awards, including:
  - Timeliness of compliance with applicable reporting requirements
  - Accuracy of data reported
  - Validity of performance measure data reported
  - Conformance to the terms and conditions of the previous federal awards
- Meeting matching requirements
- The extent to which any previously awarded amounts will be expended prior to future awards
- Applicant’s ability to effectively implement statutory, regulatory, or other requirements imposed on award recipients national service criminal history check compliance.
- Reports and findings from single audits performed under Uniform Administrative Guidance and finding of any other available audits or investigations
- IRS Tax Form 990
- Applicant organization’s annual report
- Publicly available information, including information from the Applicant organization’s website
- Responses to the Operational and Financial Management Survey and supporting documentation
- amount of funding requested by the organization
- Federal debt delinquency
- Suspension and debarment
- Information available through OMB-designated repositories of government-wide eligibility qualification or financial integrity information, such as:
  o Oversight.gov
  o Public Litigation Records
- Past Performance
Information available through OMB-designated repositories of government-wide eligibility qualification or financial integrity information, such as:
  - Federal Awardee Performance and Integrity Information System ("FAPIIS")
  - U.S. Treasury Bureau of Fiscal Services
  - Dun and Bradstreet
  - SAM, and/or Do Not Pay” status with the U.S. Department of the Treasury

OSC staff will assess their recompeting subgrantee’s past performance and submit those assessments to AmeriCorps. AmeriCorps will assess its recompeting direct grantees related to past performance. This assessment is in addition to the evaluation of the Applicant’s eligibility for funding or the quality of its Application on the basis of the Selection Criteria. Results from this assessment will inform funding decisions. In evaluating programmatic performance, OSC will consider the following for Applicants that are current AmeriCorps State Formula grantees:
  - Grant progress reports – attainment of Performance Measures
  - Enrollment and retention
  - Site visit or other monitoring findings (if applicable)
  - Office of Inspector General findings (if applicable)
  - Significant opportunities and/or risks of the program related to national service
  - Ranking by the Commission for receipt of funding

Additionally, AmeriCorps may use the results of the review of the risk assessment evaluation in determining which Applications to fund. If AmeriCorps concludes that the reasons for Applicants having poor risk assessment evaluations are not likely to be mitigated, those Applications may not be selected for funding.

**Consideration of Integrity and Performance System Information**

Prior to making any award that exceeds $250,000, AmeriCorps is required to review and consider any information about the Applicant that is in the designated integrity and performance system accessible through SAM and FAPIIS (see 41 U.S.C. 2313). Additionally, AmeriCorps may expand upon these requirements and use its discretion to review and consider information about any Applicant receiving an award, including those under $250,000.

Any Applicant, at its option, may review information in the designated integrity and performance systems accessible through FAPIIS and comment on any information about itself that a federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through FAPIIS.

OSC and/or AmeriCorps will consider any comments by any Applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the Applicant’s integrity, business ethics, and record of performance under Federal awards when completing its review of risk posed by the Applicant under the Risk Assessment Evaluation section of this RFA.

**Applicant Clarification**
Some Applicants may receive requests to provide clarifying information and/or make changes to their Application including changes to the budget. This information is used at both the state and federal level in making funding recommendations. Applications may be recommended for funding even if they are not asked clarification questions. A request for clarification does not guarantee a grant award. Failure to respond to requests for clarification adequately and in a timely manner may result in the removal of Applications from consideration.

Selection for Funding

The assessment of Applications involves a wide range of factors and considerations. OSC staff will apply their experience and expertise in evaluating and recommending Applications. OSC will engage external reviewers to provide insight and input with respect to the narrative portion of the Applications. In the end, the review and selection process will produce a diversified set of high-quality programs that reflect the priorities and strategic consideration described in this RFA.

Specifically, the review and selection process will:

- Identify how well eligible Applications are aligned with Application review criteria
- Build a diversified portfolio based on the following strategic considerations:
  - AmeriCorps and Commission Funding Priorities
  - Meaningful representation of:
    - Geographic diversity
    - Rural communities
    - Innovative community strategies
    - Focus area representation

Based on the evaluation of these strategic considerations, applications may be selected for funding over applications with a greater degree of alignment with the review criteria. In selecting Applicants to receive awards under this RFA, OSC will endeavor to include a diverse portfolio of Applications based on staff evaluations, recommendations, priorities, and strategic considerations.

AmeriCorps will assess an Applicant’s strategic considerations. Applicants must check the relevant boxes in the Program Information tab in AmeriCorps’ web-based management system to be considered for AmeriCorps’ assessment of the strategic considerations (see Selection for Funding section.) Applicants should only check the boxes if the strategic consideration is a significant and intentional part of their program design and if implementation strategies are described in the Application.

OSC and AmeriCorps reserves the right to prioritize funding existing awards over making new awards. OSC and AmeriCorps reserves the right to award Applications in an amount other than at the requested level of funding and will document the rationale for doing so.

OSC reserves the right to adjust or make changes to the review process in unforeseen challenges or exigent circumstances make it impossible, impractical, or inefficient to execute the review process as planned. Any such adjustments or changes will not affect the selection criteria that will be used to assess Applications submitted to OSC in response to this RFA.

Service Sponsor: According to SEC. 101(25) [42 USC 12511(25)], the term “service sponsor” means an organization, or other entity, that has been selected to provide a placement for a participant.
