4.0 Legislative Planning

4.1 OWI Director, Karen Humelbaugh, provided an update on the legislative process and timeline. With it being an even year, it is an agency planning year to prepare for the biennial cycle. If there are any technical fixes that the Commission would like to submit, these changes need to go through the Higher Education Coordinating Commission (HECC) and an internal process, due by May/June. Karen recently testified on one of the fire mitigation/climate change bills, and advocated for AmeriCorps involvement. A member from Heart of Oregon also testified.

Discussion occurred around the exemption of the Segal Ed Award from state tax. Director Bauer discussed participation in an ASC policy cohort where the deliverable was a toolkit for a legislative process to remove the tax, providing resources Oregon could follow.
