Institutions include all public community colleges, universities, and most of the institutions in the Oregon Alliance of Independent Colleges and Universities. The number of Students in Public Institutions includes all students at 17 community colleges and 7 public universities. We estimate an unduplicated total count of students at a public institution in 2018-19. The number of Oregon Undergraduates includes Oregon resident admitted and nonadmitted undergraduate students and those covered under the veteran/noncitizen tuition equity program at public universities and all students in community colleges who were enrolled at any point in the summer to spring academic year. Except for Primary Area of Instruction, all other university enrollment data refer to Oregon resident admitted and nonadmitted undergraduate students. For community college students, shows the percentage of students whose primary area of instruction is Lower Division Collegiate (LDC), Career/Technical Education (CTE), Developmental Education (Dev. Ed.), or non-credit courses. This is the category in which the largest share of a student's credits lies. Students in the non-credit group are enrolled only in non-credit courses, including non-credit LDC, CTE, Dev. and Adult Continuing Education, Personal Enrichment, and other types.

COA after Inst./Public Aid	The cost of attendance after subtracting the average amount of public aid and institutional aid provided to students.
s a	For 2018-19 first-time graduates, shows median time between first for-credit community college enrollment in LDC/CTE/Dev.Ed. after high school and earning an associate degree or between university admission and earning a bachelor's degree. Excludes students who earn an associate degree during high school. Excludes summer term.
OUTCOMES	
d d w	University completion rates show the percentage of resident, first-time, full-time freshmen in the fall 2013 cohort who earned a bachelor's degree within 6 years at any public university. Community college completion rates show the percentage of students who earned an associate degree or career certificate or who transferred to any 4-year university nationwide, among students who were new to the college in fall 2015, were not enrolled in dual credit/accelerated learning, and earned at least 18 credits over 2 years or earned an award of fewer than 18 credits.
Race/Ethnicity T	The completion rate for those not reporting a racial/ethnic group, 65%.
continued to junior year	This measure shows the graduation rate for students who are about half-way through a bachelor's degree. It compares first-time freshmen who continue into a third year and who graduate within 6 years of admission to the university with transfer students from any Oregon community college who transfer with at least 90 credits accepted and then graduate within 4 years of admission to the university as a transfer student.
s c s	For university students, shows the percentage of first-time, full-time freshmen in fall 2017 who enrolled in fall 2018. For community college students, shows the percentage of new, credential-seeking students in fall 2017 who were enrolled in fall 2018 or received an award before or during fall 2018. This includes students who were new to the institution in summer or fall 2017, not enrolled in dual-credit courses after the spring of 2017 (a proxy for high school graduates), and earned at least 18 credits or earned an award by the end of 2 years (the VFA credential-seeking cohort).
1st-Generation Status S	Shows the completion rate for 1st-generation students and the comparable completion rate for non-1st-generation students. For definition of 1st-generation status, see Enrollment section above.
C	Earnings outcomes come from the Oregon Employment Department and include students employed in Oregon in 2018-19, 10 and 5 years after completion in 2007-08 and 2012-13, respectively. Includes all certificate, associate and bachelor's degree recipients whether or not they completed additional degrees.
Number of Students Completing/Transferring 2	Shows all students completing a degree/certificate at an Oregon community college and resident students at public university during the 2018-19 academic year. Transfer students are those admitted to a public university as a transfer student from any Oregon community college and may also have earned an associate degree or certificate. In the degree and certificate totals, students earning more than one degree or certificate are counted once, in the highest award group.
	Percentages may not sum to 100 due to rounding. For privacy, data are suppressed for measures containing fewer than 10 students.
