### Summary of Revenue Changes

The Mental Health Regulatory Agency (MHRA) was established in 2018 and its mission is to provide administrative and regulatory oversight of two Boards that regulate mental health professions in Oregon, the Board of Licensed Professional Counselors and Therapists (BLPCT) and the Oregon Board of Psychology (OBOP). MHRA is supported solely from Other Funds generated from licensing fees, applications, examinations, and other miscellaneous sources, including civil penalties and sales of publications. The recommended budget is projected to leave the Agency with an ending balance equivalent to nine months of operating expenses.

### Summary of Education Subcommittee Action

MHRA performs budgeting, recordkeeping, staffing, contracting, procedure and policymaking, and performance and standard setting functions for both Boards. BLPCT and OBOP maintain their own separate statutory authority to investigate complaints, enforce regulations, establish and collect fees, instill licensing criteria for education, training and examination, and instill practice standards including the adoption of a code of ethics.

The Subcommittee recommended a budget for the Mental Health Regulatory Agency of \$5,198,007 Other Funds and 14 positions (14.00 FTE). This is an 18.9% increase from 2019-21 legislatively approved budget. The budget includes an increase of two positions (2.00 FTE) from the 2019-21 legislatively approved budget.

### **Board of Licensed Professional Counselors and Therapists**

The mission of BLPCT is to protect the health and well-being of Oregon citizens by setting a strong ethical standard of practice through the regulation of counselors and marriage and family therapists. The Board consists of one program unit, which is divided into five core activities: applications, examinations, licensing, continuing education, and consumer protection. The Subcommittee recommended a budget of \$3,320,690 Other Funds and 14 positions (9.60 FTE). The Subcommittee recommended the following packages:

Package 099: Microsoft 365 Consolidation. Microsoft 365 is being consolidated within the office of the State Information Officer at the E5 level of service. This cost is built into the State Government Service Charge for every agency as a cost increase for the 2021-23 biennium. This package makes a corresponding reduction to the agency base budget in an amount equivalent to what agencies should be paying in the current 2019-21 biennium for Microsoft 365 at the E3 level of service.

Package 100: Licensing Manager Position. This package increases Other Funds expenditure limitation by \$158,111 for the BLPCT's portion of one permanent Licensing Manager position (0.70 FTE) to direct and support the licensing activity operations for both Boards, due to the continued growth of their licensee base. This position will manage the licensing program, supervise administrative personnel, and perform policy/legislative analysis and operational research and evaluation duties.

Package 101: Limited Duration Investigator Position. This package increases Other Funds expenditure limitation by \$126,707 for BLPCT's portion of the limited duration Investigator position (0.70 FTE) to support agency compliance functions. This position will assist with the Boards' growing investigation backlog by performing complaint investigations and investigation reporting and documentation.

Package 103: Attorney General Fees. This package increases Other Funds expenditure limitation by \$76,600 for BLPCT's portion of the services and supplies needed to sufficiently fund the Attorney General fees for both Boards. This increase in Attorney General fees will enable the Boards to process and dispose of their increasing number of complaints and investigations, resulting in sanctions, contested case hearings or appeals, and other matters requiring legal advice.

Package 104: Board Cost Allocation Adjustment. This package updates the current cost allocation model for certain shared expenditures between both Boards. Under the current model, BLPCT pays 65% and OBOP pays 35%. This package increases BLPCT's share to 70% and reduces OBOP's share to 30%, in order to more equitably distribute the cost of shared resources between them and reflect the change in their respective licensee bases. This package increases Other Funds expenditure limitation for BLPCT by \$142,707, a reduction is included in the OBOP budget structure.

### **Board of Psychologists**

The mission of OBOP is to promote, preserve, and protect the public health and welfare by ensuring the ethical and legal practice of psychology. The Board consists of one program unit, which is divided into five core activities: applications, examinations, licensing, continuing

education, and consumer protection. The Subcommittee recommended a budget of \$1,877,317 Other Funds and zero positions (4.40 FTE). The Subcommittee recommended the following packages:

Package 099: Microsoft 365 Consolidation. Microsoft 365 is being consolidated within the office of the State Information Officer at the E5 level of service. This cost is built into the State Government Service Charge for every agency as a cost increase for the 2021-23 biennium. This package makes a corresponding reduction to the agency base budget in an amount equivalent to what agencies should be paying in the current 2019-21 biennium for Microsoft 365 at the E3 level of service.

Package 100: Licensing Manager Position. This package increases Other Funds expenditure limitation by \$68,902 for OBOP's portion of one permanent Licensing Manager position (0.30 FTE) to direct and support the licensing activity operations for both Boards, due to the continued growth of their licensee base. This position will manage the licensing program, supervise administrative personnel, and perform policy/legislative analysis and operational research and evaluation duties.

Package 101: Limited Duration Investigator Position. This package increases Other Funds expenditure limitation by \$55,444 for OBOP's portion of the limited duration Investigator position (0.30 FTE) to support agency compliance functions. This position will assist with the Boards' growing investigation backlog by performing complaint investigations and investigation reporting and documentation.

Package 103: Attorney General Fees. This package increases Other Funds expenditure limitation by \$70,365 for OBOP's portion of the services and supplies needed to sufficiently fund the Attorney General fees for both Boards. This increase in Attorney General fees will enable the Boards to process and dispose of their increasing number of complaints and investigations, resulting in sanctions, contested case hearings or appeals, and other matters requiring legal advice.

Package 104: Board Cost Allocation Adjustment. This package updates the current cost allocation model for certain shared expenditures between both Boards. Under the current model, BLPCT pays 65% and OBOP pays 35%. This package increases BLPCT's share to 70% and reduces OBOP's share to 30%, in order to more equitably distribute the cost of shared resources between them and reflect the change in their respective licensee bases. This package reduces Other Funds expenditure limitation by \$142,716 for OBOP; an increase is included in the BLPCT budget structure.

### Legislatively Approved 2021 - 2023 Key Performance Measures

Published: 5/26/2021 12:38:01 AM

**Agency:** Licensed Professional Counselors and Therapists, Board of

**Mission Statement:**

To protect and benefit the public by setting strong licensing standards for professional counselors and marriage and family therapists. Standards include education, experience, and examinations. Licensees must abide by a Code of Ethics, complete continuing education, and provide clients with licensee background information and how to contact the Board.

Legislatively Approved KPMs	Metrics	Agency Request	Last Reported Result	Target 2022	Target 2023
1. CUSTOMER SERVICE - Percent of customers rating their satisfaction with the agency's customer service as "good" or "excellent": overall, timeliness, accuracy, helpfulness, expertise, availability of information.	Expertise	Approved	92%	75%	75%
	Overall		85%	75%	75%
	Availability of Information		85%	75%	75%
	Timeliness		86%	75%	75%
	Helpfulness		90%	75%	75%
	Accuracy		92%	75%	75%
2. Board Best Practices - Percent of total best practices met by the Board.		Approved	97%	85%	85%
3. Timely Investigations - Percent of complaints presented to the Board within 180 days of receipt of complaint.		Approved		75%	75%
4. Efficient Application Processing - Average number of calendar days from completed license application file to application approval.		Approved	1	15	15
3. Timely Investigations - Percent of complaints presented to the Board within 120 days of receipt of complaint.		Legislatively Deleted	10%	75%	75%

**LFO Recommendation:**

LFO recommends the following:

- Delete KPM #3 ("Timely Investigations") and replace it with a new KPM. KPM #3 currently tracks the percentage of complaints presented to the board within 120 days of receipt of the complaint. The board has been falling substantially short of the 75 percent target. By extending the time for complaints to be presented to the board to 180 days, the board will have a more realistic chance of meeting the 75 percent target.
- Approve KPMs #1, #2 and #4 and their targets as presented.

These KPMs are the result of the 2017 Legislative recommendation, in which the Board of Licensed Professional Counselors and Therapists agreed to work with the Board of Psychology, DAS, and LFO during the interim to improve and align the two boards' KPMs, as part of the merging of the two boards under the Mental Health Regulatory Agency.

In addition, LFO recommends the Board of Licensed Professional Counselors and Therapists work with LFO and DAS CFO during the interim to document its data collection and processing methods to ensure that the KPM data provided are accurate and that definitions of data elements are consistent from year to year.

### MISSION STATEMENT & STATUTORY AUTHORITY

The Mental Health Regulatory Agency (MHRA) was created to protect the public from harm by providing administrative and regulatory oversight to two regulated boards that regulate mental health professions in the State:

- The Board of Psychology; and
- The Board of Licensed Professional Counselors and Therapists.

MHRA's enabling statutes can be found at [ORS 675.160](#) through 178.

MHRA performs the following functions for the regulated boards:

- Budgeting;
- Recordkeeping;
- Staffing;
- Contracting;
- Procedure and policymaking; and
- Performance and standard setting functions.

The boards maintain their own separate authority for:

- Complaint investigations;
- Regulatory enforcement;
- Establishment and collection of fees;
- Licensing criteria including education, training, and examination; and
- Practice standards including the adoption of a code of ethics.

MHRA is under the supervision and control of one Executive Director who is responsible for the performance of the duties, functions and powers, and organization of the Agency. The Boards are 100% supported by “Other Funds” generated from licensing renewals, fees and civil penalties. In 2021, the Agency was allocated \$300,000 in “General Funds” to conduct a demographic study per HB 5006.

### *Oregon Board of Psychology – Mission and Description of the Board*

The mission of the Oregon Board of Psychology (OBOP) is to promote, preserve, and protect the public health and welfare by ensuring the ethical and legal practice of psychology. OBOP was created for the purpose of determining the qualifications of applicants to practice psychology in Oregon, and issuing and renewing licenses. The Board investigates complaints of professional misconduct made against licensees, and is also charged with safeguarding the people of the State of Oregon from the dangers of unqualified and improper practice of psychology.

Practicing psychology means rendering or offering to render supervision, consultation, evaluation or therapy services to individuals, groups or organizations for the purpose of diagnosing or treating behavioral, emotional or mental disorders. It is unlawful to practice psychology or represent oneself as a psychologist without first being properly licensed by the OBOP. To "represent oneself as a psychologist" means to use any terminology, title or description of services incorporating the words "psychology," "psychological," "psychotherapy," or "psychologist," or to offer or render to individuals or to groups of individuals services included in the practice of psychology.

The Board consists of nine members. Six members are licensed psychologists; and three members are from the general public, not associated with the profession. All members are appointed by the Governor to three-year terms and confirmed by the Senate. The Board hires staff to administer all official business. The Board regularly meets bimonthly in odd-numbered months, usually at its offices in Salem, with an option for video conferencing. Decisions are made in open public meetings where guests are encouraged to attend.

Board program areas include:

- **Applications:** In 2022, the Board received and processed 221 applications for licensure. This process includes verification of education, work experience, other credentials, references, and a fingerprint-based national criminal background check. The Board reviews and approves psychologist resident supervision contracts, which allow licensure candidates to complete the required post-doctoral supervised work experience in Oregon.
- **Examinations:** The Board approves candidates' eligibility to take the national written examination (the Examination for Professional Practice in Psychology, or EPPP). The Board also prepares and mandates passage of an Oregon Jurisprudence Examination, which is administered online as of January 2021. The Board's Education Committee reviews current exam questions and modifies or develops new test items.
- **Licensing:** Through biennial birth month licensure renewals, the Board processes approximately 2,300 renewals biennially to psychologists (doctorate level) and psychologist associates (master's level). Additionally, the Board issues about 180 limited permits to out-of-state psychologists annually. The number of permits significantly increased during the pandemic.

# MENTAL HEALTH REGULATORY AGENCY

## AGENCY SUMMARY

---

- **Continuing Education:** Licensees are required to complete 40 hours of continuing education (CE) activities every two years, including four hours devoted to professional ethics, four hours of cultural competency training, two hours of suicide risk assessment, treatment, and management, and one hour of pain management. Licensees attest to having met the CE requirements at renewal, and each calendar year the Board randomly selects renewed licensees for an audit. Audited licensees must provide complete proof of CE activities.
- **Consumer Protection:** The Board pursues all complaints relating to the unethical, unprofessional, or unlicensed practice of psychology. The Board opened 71 new compliance cases in 2022. Complaints are typically reported to the Board; however, on occasion the Board will initiate investigations when it becomes aware of alleged unethical or illegal behavior of licensees, applicants, and those practicing psychology without a license. The Board also monitors disciplined licensees.

Many of the issues brought to the Board include custody evaluations, parole evaluations, unlicensed practice of psychology, dual relationships, inappropriate therapy or treatment plans, and breaches of confidentiality. Allegations of sexual misconduct are especially demanding on the Board's time and resources. In general, once the investigation is complete, the Board's compliance staff provide a final written report to the Board for its review. After evaluation of the facts and issues, the Board decides whether to dismiss the case, to gather more information, or to take steps towards issuing a sanction. When discipline is ordered, the respondent is notified about the Board's intent to impose a sanction and has an opportunity to challenge the Board's notice through a contested case hearing process before an administrative law judge. Frequently, the Board and the Attorney General's office work together to explore the option of negotiating a settlement before scheduling a case hearing. Unlike most other similar boards, OBOP does not have the authority to recover costs of the disciplinary process, resulting in significant enforcement-related costs that must be absorbed by the Board.

### *Oregon Board of Licensed Professional Counselors and Therapists – Mission and Description of the Board*

The mission of the Oregon Board of Licensed Professional Counselors and Therapists (OBLPCT) is to protect the public by identifying and regulating the practice of qualified mental health counselors and marriage and family therapists. OBLPCT was created for the purpose of licensing and regulating licensed professional counselors (LPCs) and licensed marriage and family therapists (LMFTs). The Board is also charged with safeguarding the people of the State of Oregon from the dangers of unqualified and improper practice of professional counseling and marriage and family therapy.

“Marriage and family therapy” means the assessment, diagnosis, or treatment of mental, emotional, or behavioral disorders involving the application of family systems or other psychotherapeutic principles and methods in the delivery of services to individuals, couples, children, families, groups or organizations.

# MENTAL HEALTH REGULATORY AGENCY

## AGENCY SUMMARY

---

“Professional counseling” means the assessment, diagnosis, or treatment of mental, emotional, or behavioral disorders involving the application of mental health counseling or other psychotherapeutic principles and methods in the delivery of services to individuals, couples, children, families, groups, or organizations.

Unless exempted, it is unlawful for a person not licensed by OBLPCT to engage in or purport to the public to be engaged in the practice of professional counseling under the title “licensed professional counselor,” or to engage in or purport to the public to be engaged in the practice of marriage and family therapy under the title of “licensed marriage and family therapist.”

The Board consists of eight members: three professional counselors; two marriage and family therapists; a member of faculty of a school that trains counselors or therapists; and two public members. All members are appointed by the Governor to three-year terms and confirmed by the Senate. The Board regularly meets bimonthly in even-numbered months, usually at its offices in Salem, with an option for video conferencing. The Board is funded solely from licensing fees and other miscellaneous revenues such as publication sales and civil penalties. Decisions are made in open public meetings where guests are encouraged to attend.

Board program areas include:

- **Applications:** In 2022, the Board received and processed 1,521 applications for licensure. This process includes verification of education, work experience, other credentials, references, and a fingerprint-based national criminal background check. The Board reviews and approves associate registration plans which allow licensure candidates to complete the required post-master’s degree supervised work experience in Oregon.
- **Examinations:** The Board approves candidate’s eligibility to take a qualifying national written examination as a prerequisite to licensure. The Board also prepares and mandates passage of an Oregon Law and Rule Examination. The Board’s Education Committee reviews current exam questions and modifies or develops new test items.
- **Licensing:** The Board processes approximately 8,200 renewals annually to licensees and registered associates.
- **Continuing Education:** Licensees are required to complete 40 hours of continuing education (CE) activities every two years, including six hours devoted to professional ethics, four hours of cultural competency training, and two hours of suicide risk assessment, treatment, and management. Licensees attest to having met the CE requirements at renewal, and each calendar year the Board randomly selects renewed licensees for an audit. Audited licensees must provide complete proof of CE activities.
- **Consumer Protection:** The Board pursues all complaints relating to the unethical, unprofessional, or unlicensed practice of professional counseling or marriage and family therapy. The Board opened 154 new compliance cases in 2022. Complaints are typically reported to the Board; however, on occasion the Board will initiate investigations when it becomes aware of alleged

unethical or illegal behavior of licensees, applicants, and those practicing without a license. The Board also monitors disciplined licensees.

The type of complaints includes breach of ethics, confidentiality, inappropriate relationships with clients, negligence, incompetence, alcohol or drug use, mental health issues, failure to report child abuse, providing false information on application for license or renewal, and unlicensed practice of professional counseling or marriage and family therapy. The Board's authority to discipline licensees is specified in ORS 675.745. The range of discipline includes refusal to issue or renew a license, issue a reprimand, suspend or revoke a license, impose a civil penalty, or require additional training or supervision. The Board also has authority to recover costs of the disciplinary process.

### AGENCY STRATEGIC PLAN

#### 2021-23 Accomplishments

Since the Mental Health Regulatory Agency (MHRA) was established on January 1, 2018 pursuant to [House Bill 2319](#) (2017), there has been significant work towards establishing uniform policies and procedures, finding efficiencies in recordkeeping and staffing, and streamlining workflow processes. Work duties amongst staff members continue to be reviewed and reallocated to help create a more efficient and balanced workload for all staff, and to help this smaller agency be more prepared and able to endure leaves and vacancies.

New and revised policies and procedures in 2021-23 have included the Compliance Transparency Policy, Investigative Use of Social Media Policy, and a unified Internal Travel Policy. The Boards formed a joint subcommittee in June of 2021 to explore revisions to the Character and Fitness Policy, with particular consideration of whether any potential barriers to licensure could be eliminated while maintaining strong standards for consumer protection. The subcommittee members and board staff worked closely with the Agency's Assistant Attorney General to formulate revisions to the prior policy. The draft policy was presented to the Board of Licensed Professional Counselors and Therapists (BLPCT) and approved on February 4, 2022, and then presented and approved by the Board of Psychology (BOP) on March 11, 2022. The revised policy removed some procedural hurdles in the application process. It delegated more authority to the Executive Director to review misdemeanor arrests, allowing applications to move forward quickly when there is no nexus to the practice of the profession. The revised application questions no longer ask about misdemeanor arrests or charges that are older than 6 months.

As part of this effort to improve processing times, effective May 13, 2022, BOP revised its Oregon Administrative Rule regarding application processing. It removed the requirement that applicants must satisfy any conditions ordered by the Board, including payment of any civil penalty, before the Board would approve the application. This was another procedural hurdle that caused delays in application approval. The Agency also reviewed and updated its Background Check Procedures on June 21, 2022 to implement the revised Character and Fitness Policy and to reflect changes that the Oregon State Police (OSP) and the Federal Bureau of Investigation made to their systems and procedures. During their system changes, OSP began experiencing significant delays in processing times for criminal background checks. Some applicants faced up to three months waiting time for their background check results to arrive to the Boards, causing frustrations and additional time for staff to follow-up on applicants' fingerprints.

The Agency was notified in April 2022 that BLPCT would be audited by the FBI for compliance with Criminal Justice Information Services. The auditor made a brief in-person visit in June 2022, conducted an interview with the Agency's Compliance Specialist, and ultimately did not find issues with the way agency handles confidential records. All Board members and staff were found to be current with their clearance and CJIS training requirements.

The Agency worked for several years to complete a project to replace the Boards' outdated local databases with multifunctional online licensing systems. In late 2018, the Agency contracted a business analysis team to assess and prioritize Agency needs, finalize and prioritize

system features, and ensure alignment with processes. A business needs document was developed in coordination with the Office of the State Chief Information Officer (OSCIO) to complete functional and non-functional requirements lists, which became a part of the request for proposal that was issued to interested vendors. The finalist vendor, Thentia Global Systems USA, Inc., was placed under contract effective in April 2019, and initial project work began in May 2019. This work included detailed system development and testing, working with NIC USA and State Treasury to contract and implement integrated online card payment services, and approval processes with Oregon E-Government Services, DAS Procurement, and Department of Justice (for legal sufficiency). After delays that were primarily due to the pandemic, the new system launched for BLPCT in October 2020, and for BOP in April 2021. Following system launch, Agency staff has worked to identify and resolve various system bugs and data migration issues through the vendor via its online ticketing system. Staff has also worked to educate and assist licensees and applicants with navigating the portals that are used for various online processes, including applications, license renewals, information updates, document submissions, and payments.

The new online licensing system has created significant efficiencies and greater accuracy of records, with staff are no longer having the tedious task of manually entering data from pages of applications and renewal submissions. Licensees and applicants can now self-serve most licensing related tasks 24 hours a day, without having to download and complete paper forms and mail checks for payment. Applicants can log in to the Applicant Portal to complete and submit their licensure, permit, or temporary practice authorization application, and to see the status of their application (materials received and still pending). The system automatically generates multiple license renewal notices and reminders so that staff no longer need to manually keep up with this task. Licensees, registered associates, and residents can log into the Licensee Portal to renew their license or associate registration; update their contact information or name; view and download license cards; update their custodian of record (BLPCT) or qualified person designation (BOP); submit their professional disclosure statement or good cause waiver request (BLPCT); submit associate registration (BLPCT) or residency supervision (BOP) documents, including supervision plans, change requests, and evaluation reports; request license reactivation; order documents like license verifications and replacement wall certificates; apply to be placed on the Supervisor Registry; and pay fees and view/download receipts. Currently, staff is working with the vendor to develop and implement an online continuing education audit mechanism where licensees be randomly selected to log in and submit their course materials. This process will automatically send notices and reminders of deadlines and status changes, reducing staff busywork as part of the exhaustive audit process.

In 2021-23, the Boards have adopted or revised various Oregon Administrative Rules and updated systems and web materials to implement legislation passed in 2021. On September 22, 2021, BOP filed a Permanent Administrative Order that implemented [House Bill 2117](#) which repealed the Board's authority to issue new psychologist associate licenses, effective January 1, 2022. On October 8, 2021, BLPCT filed a Permanent Administrative Order that amended 39 rule sections across 13 rule divisions in OAR Chapter 833 to implement the title change from registered "intern" to "associate" as directed by [House Bill 2949](#). On November 15, 2021, BOP filed a Permanent Administrative Order that amended its continuing education (CE) requirements for licensees to now include a mandatory two hours of suicide risk assessment, treatment, and management as required by [House Bill 2315](#), and an ongoing one hour of pain management at each renewal, which replaced the prior requirement for seven hours of pain management only at the first license renewal, pursuant to [House Bill 2078](#). On February 7,

2022, BLPCT filed a Permanent Administrative Order that added the new two-hour requirement for suicide risk assessment, treatment, and management, which was required to become effective July 1, 2022. Agency staff then worked with its contracted licensing system vendor to modify the online renewals for both boards to reflect accurate and timely reporting of these new CE requirements for licensees.

On July 11, 2022, BOP filed a Permanent Administrative Order that added a new rule, OAR 858-010-0300, to adopt rules to carry out the provisions of ORS 413.559 ([House Bill 2359](#), 2021). This law established requirements for health care providers (including Board licensees, residents, permit holders, and temporary practitioners) that are reimbursed with public funds to work with Oregon Health Authority (OHA) registered health care interpreters when communicating with a patient who prefers to communicate in a language other than English, unless the licensee is proficient in the patient's preferred language. It also requires these providers to give personal protective equipment to health care interpreters providing services on-site at no cost, and to maintain specified records of each patient encounter with a registered interpreter. BLPCT adopted its new rule to add the OHA registered health care interpreter requirements, OAR 833-110-0051, on August 8, 2022.

Section 266 of [House Bill 5006](#), which also passed during the 2021 Legislative Session, allocated \$300,000 in General Funds to the Boards "for a demographic study of licensees and a diversity plan." The Bill's Budget Note indicated that the Agency must "shall engage a third party consultant to study the demographics of those individuals licensed by the boards and devise a plan to increase licensee diversity." It required the Agency to submit a written report to a legislative committee by December 31, 2022, and present the information to a subcommittee of the Joint Committee on Ways and Means during the 2023 Legislative Session.

Following the effective date of HB 5006 on August 6, 2021, the Agency's Executive Director quickly began the work of informing the Boards of the requirements and assembling volunteer Board members for an ad-hoc HB 5006 Contract Workgroup. The seven-member Workgroup, which included the Chairs of each Board, consisted of four BOP members and three BLPCT members and met 10 times between August 2021 and March 2022. During these meetings, Workgroup members worked with Agency staff, legal counsel, and an assigned procurement analyst from the Department of Administrative Services on the procurement process for the third-party consultant. Over several meetings, the Workgroup developed the project scope of work, determined how long to accept bids, formulated the criteria for evaluating potential contractors, and determined methods of evaluating the selected contractor's work. The Request for Proposal was released in Oregon Buys on December 10, 2021. The Workgroup reviewed proposal materials and selected the vendor, Keen Independent Research, LLC (Keen). The contract was finalized on June 2, 2022, and Keen immediately begin working on the project. During this project, Agency staff provided information, compiled data, and worked with Keen representatives as they built a study webpage and virtual workshop. Keen engaged in research and data analysis, including comparative analysis with other states, and gathered stakeholder input via the study website, virtual workshop, in-depth interviews, and focus groups. The results of this research were provided in a preliminary report, and Agency staff worked to review the information and provide feedback.

## AGENCY SUMMARY

During the October 7, 2022 public session Board meeting, Keen provided BLPCT with a presentation on their analysis of the clinical experience requirements for LPC and LMFT licensure in Oregon. Their study found that Oregon's requirement for a minimum 2,400 direct client contact hours, of which a minimum 1,900 must be post-degree hours, was higher than all but three other U.S. states for both LPC and LMFT. Although the study highlighted the importance of supervised clinical experience, particularly for early career professionals, it also noted its contribution to the financial pressures facing some counselors and therapists. Keen indicated that requirements that are substantially higher than other states create a burden on professionals that can be difficult to justify based on the available evidence. On the other hand, requirements that are on the lower side introduce unknown risks for practitioners, consumers, and education programs. Therefore, Keen recommended a 500 direct client contact hour reduction. The Board agreed that revising the clinical experience requirements to be comparable with other states that also have rigorous standards was the optimal approach. Keen also recommended (and the Board agreed) that this change should be enacted via administrative rules, and not by state statute, to allow the Board to retain flexibility as more information about optimal requirements may be forthcoming in the future, since Keen found little empirical information to inform decisions about supervised clinical experience requirements. The Board voted to propose a rulemaking to reduce the hours and also to change some other requirements that were determined by the Board to be possible barriers to licensure. This included allowing more flexibility in the allowable substitution of post-licensure clinical experience for reciprocity applicants to help facilitate interjurisdictional mobility for early career professionals and bolster the volume of counselors and therapists who consider relocating to Oregon to provide crucial mental health services to Oregonians. The proposal also included removal of the requirement that registered associates must complete at least 1,000 of the required hours of direct client contact while in a Board-approved associate registration plan, which delays licensure for individuals coming to Oregon from out of state who have substantially completed the clinical experience requirements.

On December 16, 2022, Keen provided a final [Diversity Study](#) report that highlighted strengths and weaknesses within the licensing, compliance, and character and fitness review processes of the Boards, along with recommendations for improvement. The Agency then quickly worked to create a [Written Report](#) describing the steps the Boards will take (and steps already taken) to consider and possibly implement the recommendations within the Diversity Study. These items were finalized and submitted on December 28, 2022, and Agency leadership and Keen representatives presented the information to the Joint Committee on Ways and Means Subcommittee on Education on February 1, 2023. The Agency's [Project Chart](#) shows additional detail regarding the volume of work dedicated to this project. BLPCT filed a Permanent Administrative Order for the rulemaking described above on February 24, 2023. The rule amendments will become effective on July 1, 2023, allowing the Agency time to prepare for the changes in systems, forms, and web materials.

Additionally following the 2021 Legislative Session, Agency staff participated in important workgroups. This includes Representative Sanchez's [Behavioral Health Licensing Workgroup](#), which over seven meetings between November 2021 and May 2022 explored the behavioral health workforce in Oregon and other states. The Workgroup discussed barriers and possible solutions in behavioral health education, training experience, criminal history, licensure, salary, caseload, and insurance. Agency staff also participated in the [House Bill 3139](#) Implementation Workgroup (and health care provider subgroup) that met beginning in December of 2021 to discuss the intent of the

legislation and develop outreach and guidelines for use by behavioral health providers, youth, and adult caregivers. In February 2023, the work of this group was released via OHA's [HB 3139 Webpage](#).

Disruptions resulting from the COVID-19 global pandemic have continued to impact the Agency, from 2019-21 well into the 2021-23 biennium. Beginning in 2019-21, staff and board members had to adjust to remote work and conducting and participating in video conference meetings. The Agency's physical office was closed to the public from March 2020 until May 2022, when management worked around the parameters of reopening while promoting the safety and well-being of staff members. In support of the Governor's Executive Orders, the Boards held multiple special meetings, and filed and implemented various temporary and permanent administrative rules to facilitate public safety and to ensure the sustained delivery of mental health care services for Oregonians. BOP moved to an online based Jurisprudence Examination, a well-received change that allowed psychologists to become licensed expediently and safely during the pandemic. This allowed practitioners to get working more quickly in Oregon rather than facing the time and cost to travel from out of state for an in-person exam. The Boards issued 304 no-cost temporary emergency visitor's permits (BOP) and 614 no-cost temporary reciprocal licenses (BLPCT) to allow out-of-state practitioners to provide continuity of care through confidential electronic communications to clients in Oregon who had been displaced due to the coronavirus emergency. Licensees, residents, and registered associates were provided concessions in the areas of continuing education and in-person supervision requirements.

All of these changes created a significant additional workload for staff who were already facing illnesses and the natural disasters that occurred during this time. Despite the Agency's efforts to close the office to the public and promote masking and social distancing, nearly a third of its workforce contracted COVID, and at least one staff member lost a close family member to the disease. The Agency faced significant staff turnover and difficulties with long times to fill vacancies through DAS CHRO, coupled with a smaller pool of applicants. Once the Agency was able to recruit new staff members, onboarding was challenging not only because of the steep learning curve, but because of the significant wait times to obtain CJIS clearance through OSP for many months. One key staff person who was fingerprinted for CJIS on July 9, 2021 did not receive clearance approval (and was not able to perform the majority of her work duties) until September 13, 2021. The staff has worked diligently to recover from these setbacks, though unfortunately it has impacted service levels and is reflected in the Boards' key performance measures.

BOP formed a COVID-19 Workgroup consisting of three Board members and three psychologists at the end of 2020 to monitor the evolving pandemic situation and respond to licensee questions and concerns around issues related to safe and ethical practice. The Workgroup developed and updated various FAQs and a listing of resources, and continued to meet every 4-5 weeks through 2022, eventually looking in greater detail into disaster preparedness for future events. The Boards have maintained webpages dedicated to answering questions related to practice during the pandemic, including issues around masking and social distancing, seeing patients in-person, distance counseling, vaccination, and other ethical/legal considerations.

At the direction of the Governor's Office, the Boards adopted rules requiring compliance with the Governor's Executive Order and the Oregon Health Authority's rules related to COVID-19. On July 15, 2021, BOP filed a Permanent Administrative Order that granted an additional one-year extension to the temporary suspension on the limitation of 20 hours of continuing education credit awarded for home study and study group during a reporting period. On January 19, 2022, BOP filed a Permanent Administrative Order that now permanently removed the requirement for in-person residency and internship supervision, allowing 100% of supervision completed as part of the supervised work experience required for licensure as a psychologist to be completed via live, synchronous confidential electronic communications. This will also help to facilitate the reduction of barriers to access in rural areas and for those who practice in specialty areas. This rulemaking also clarified BOP's adoption of various Attorney General Model Rules.

Finally, on September 13, 2022, BOP filed a Permanent Administrative Order to update the requirements for license renewal in accordance with the Board's recent implementation of an online renewal system. The rule amendment added clarifications around conditions and requirements for renewal, including deadlines, expiration dates, delinquent fee hardship waiver, license lapse, and reinstatement.

### CRITERIA FOR 2023-25 BUDGET DEVELOPMENT

This biennium, the Agency has focused on the costs of operating the Boards professionally and successfully to ensure the protection of Oregon's public while supporting Excellence in State Government. The Agency reviewed and evaluated the cost of Board operations, the need to ensure performance measure excellence, and the ability to meet the long-term and short-term goals of the Boards. Below is a brief discussion of the criteria used in the 2023-25 Board budget development process.

#### **Cost of Board Operations**

The Agency based the 2023-25 budget on the costs associated with operating the Boards to ensure the protection of Oregon's public. The budget was reviewed to meet the needs of the agency and its stakeholders. Primary costs are related to staffing and office space needed to meet the increasing workload. The Boards have faced a continued growing number of licensure applications received, license renewals processed, and compliance investigations.

#### **Long Term and Short Term Goals**

The Agency took into account the Boards' long-term and short-term goals in the 2023-25 Budget.

#### **Environmental Factors**

The Agency incorporates the following environmental factors in developing and implementing its strategic plan and budget:

- **Population Growth/Migration**  
As the state population continues to grow, the demand for qualified practitioners in the professions regulated by the Boards continues to grow as well.
- **Performance Measurement**  
The statewide initiative to quantify government performance and its effect on the state's quality of living provides the Boards with an effective mechanism to measure its progress in key performance areas, based on the Boards' mission and goals. The Agency budgeted for the resources needed to ensure the achievement of performance measure excellence.
- **Regulatory Streamlining**  
Statewide efforts to make regulation simpler, faster, and cheaper for business form the backdrop that influences much of the Boards' decision-making process in determining how to best provide services that reduce barriers to practice while retaining public protection standards.

# MENTAL HEALTH REGULATORY AGENCY

## AGENCY SUMMARY

---

- **Economic Conditions**

The Boards are funded solely by licensee fees and penalties and do not receive general or lottery funds. General statewide economic conditions affect Boards' operations. Changes to the structure of funding and delivery of health and mental health care may have significant impact on the behavioral health professions.

- **Professional Development**

Rapid developments in the professions regulated by the Agency provide an ongoing challenge to “stay ahead of the curve” and to respond quickly and effectively to clarify regulatory and practice issues for both practitioners and the public. There will continue to be a heightened need for trained practitioners in mental and behavioral health fields in the future.

(WHICH PROGRAM OR ACTIVITY WILL NOT BE UNDERTAKEN)	(DESCRIBE THE EFFECTS OF THIS REDUCTION. IDENTIFY REVENUE SOURCE FOR OF, FF. INCLUDE POSITIONS AND FTE FOR 2023-25 AND 2025-27)										(RANK THE ACTIVITIES OR PROGRAMS NOT UNDERTAKEN IN ORDER OF LOWEST COST FOR BENEFIT OBTAINED)
1: Out of State Travel	Eliminate Out of State Travel. Decreases the ability for national networking, reducing the Agency's ability to keep up on national trends and contacts.			(\$13,040)				(\$13,040)	-	-	9- Keeping up with trends was determined to be very low in priority compared to other more mission-oriented activities.
2: Instate Travel	Eliminate Instate Travel. Eliminates in-person board and committee meetings and strategic planning sessions. Reduces relationship building, thoughtful engagement, and creativity in discussions of complex ideas and strategy.			(\$28,359)				(\$28,359)	-	-	8- In-person meetings were determined to be very low in in priority compared to other more mission-oriented activities, particularly when the agency adjusted well to virtual meetings during the pandemic.
3: Employee Training / Recruitment and Development	Reduce employee training by 50%, and eliminate recruitment and development expenditures. Decreases the ability of the Agency to recruit and for staff to maintain and strengthen their skills.			(\$11,487)				(\$11,487)	-	-	7- This does not eliminate, but rather cuts in half expenditures related to employee training, so that training can be focused in-house to a greater extent. Training is important, but not at the expense of FTE.
4: Dues & Subscriptions	Eliminate association memberships and subscriptions. Decreases the ability for national networking, reducing the Agency's ability to keep up on national trends and contacts. Reduces training opportunities			(\$13,888)				(\$13,888)	-	-	6- Networking and training in this manner was determined to be lower in priority compared to directly mission-oriented activities.

## AGENCY SUMMARY

Activity or Program	Describe Reduction	Amount and Fund Type								Rank and Justification	
	for board members and staff at conferences.										
5: Administrative Services	Eliminate 1.0 FTE Office Specialist 2 position. Reduces Agency's ability to provide customer service for daily operations. Agency processing of licensure applications, renewals, and compliance cases will slow significantly.			(\$138,551)				(\$138,551)	(1)	(1.00)	5- The OS-2 is one of several administrative positions that may be eliminated with the lowest overall impact on agency operations, as the duties may be distributed to other positions.
6: Professional Services	Reduces professional services by 10%. Hinders the ability to contract for expert witnesses for compliance hearings, reducing the Agency's ability to support and uphold enforcement actions that protect the public from improper mental health practice.			(\$39,107)				(\$39,107)	-	-	4- While professional services are crucial to the Boards' effectiveness in protecting the public, it is not expected that a 10% reduction in this area will be too disruptive. The AAG may need to be creative in defensive solutions and/or barter for lower fees from vendors.
7: Administrative Services	Reduce 1.0 FTE Office Assistant 2 position to 0.5 FTE. Reduces Agency's ability to maintain updated data and records, slowing service time. Places burden on licensing and investigative staff to perform clerical tasks, taking away from crucial mission-oriented tasks.			(\$78,552)				(\$78,552)	-	(0.50)	3- A further reduction in clerical staff would be prioritized over other key positions that have mission-specific duties which are more difficult to redistribute.

## AGENCY SUMMARY

Activity or Program	Describe Reduction	Amount and Fund Type									Rank and Justification
8: Investigations	Reduce 1.0 FTE Investigator 2 position to 0.5 FTE. Threatens the Boards' ability to properly protect the public through timely and thorough compliance investigations.			(\$89,236)				(\$89,236)	-	(0.50)	2- The INV-2 is one of four compliance positions that may be reduced with the lowest overall impact on agency operations, as the workload may be absorbed by the other investigators.
9: Attorney General	Reduces access to assigned assistant attorney general by 19%. This impairs the Agency's access to legal advice to interpret and enforce laws and rules, and to pursue and uphold enforcement actions that protect the public from improper mental health practice.			(\$128,671)				(\$128,671)	-	-	1- The AAG is among the higher cost budget items, and also the highest benefit of all the reduction options. However, it is determined that a 19% reduction will have lower impact on agency operations compared to eliminating other FTE or services that are directly tied to the agency's consumer protection charge.

## REVENUE

---

### REVENUE FORECAST NARRATIVE (107BF02)

#### Sources

The Agency is wholly Other Funds supported from licensing fees, applications, examinations, and other miscellaneous sources, including civil penalties and sales of publications. Interest earned on agency funds accrues to the General Fund and thus does not constitute an income source for the agency.

#### Matching Funds

The Agency receives no revenue subject to matching funds.

#### Agency Programs

The Agency supports two similar programs: the Board of Psychology (BOP) and the Board of Licensed Professional Counselors and Therapists (BLPCT).

#### General Limitations on Use

BOP's revenues are funds dedicated under ORS 675.140 to carry out its administrative and regulatory functions. ORS 675.115 requires BOP not to establish fees or charges in excess of the cost for which the fee or charge is established. BLPCT's revenues are funds dedicated under ORS 675.805 to carry out its administrative and regulatory functions. ORS 675.785(3) grants the BLPCT authority to establish non-refundable fees through administrative rules.

Additionally, pursuant to ORS 676.410, the Boards must collect a pass-through fee from renewing licensees for the Oregon Health Authority, which is currently set at \$2 per annual renewal (BLPCT) and \$4 per biennial renewal (BOP).

#### Basis for 2023-25 Biennium Revenue Estimates

The revenue forecast is predominantly based on a conservative assumption of growth in the number of licensees and applications. The criminal background check fees are entirely a pass-through item, offset by the equivalent amount to be paid by the Boards to the Oregon State Police, but are still counted as expenditures and charged against the Boards' expenditure limitations. Approximately 98% of the Boards' revenue is derived from fees paid by licensees, registered associates, and applicants for licensure and/or permit. The remainder is revenue received from civil penalties paid by licensees, applicants, and unlicensed persons practicing in violation of the law, and miscellaneous service charges.

Following is BOP's fee schedule for the 2023-25 biennium. The proposed fee modifications that are part of Package 090 are included next to the current fees.

These represent an expected 9% annual increase in license and registration related fees based on a ten-year history of average annual growth rates in the licensee and registered associate bases, and an expected 13% annual increase in applications based on a ten-year history of average annual growth rates in applications received.

### Proposed Changes

This 2023-25 Governor's Budget includes the addition of a new \$100 fee for a BLPCT limited permit. This is contingent on the success of HB 3300 (below). This is expected to result in \$156,500 in Other Fund revenue for BLPCT in 2023-25, assuming the permit option becomes available on January 1, 2024.

### New Legislation

In 2023, BLPCT is proposing [House Bill 3300](#). This legislation proposes to amend the law, ORS 675.725, to remove the word "annual" such that the Board can implement a biennial renewal schedule for licensees. It also adds a limited permit authority for BLPCT, similar to what exists for psychologists (see Package 102).

### ESSENTIAL PACKAGES

#### **Purpose:**

The essential packages and current adjustments are needed to bring the base budget to current service level and represent the cost for continuing legislatively adopted programs for 2023-25 for the Board of Psychology (BOP) and the Board of Licensed Professional Counselors and Therapists (BLPCT).

#### **010 Vacancy Factor and Non-PICS Personnel Service**

This package includes budget savings reasonably expected during the 2023-25 biennium from staff turnover, and inflation adjustments for unemployment assessments, overtime, temporary employees, shift differentials and mass transit taxes. It also includes additional Board member compensation expenditures resulting from [House Bill 2992](#) (2021) which increased the daily compensation rate to equal the per diem paid to members of the Legislative Assembly. The total for this essential package is \$37,702 – BLPCT and \$38,758 – BOP.

#### **022 Phase-out Programs and One-Time Costs**

This package phases out a one-time expenditure that was established via [House Bill 5006](#) (2021; Section 266). This Bill allocated General Funds for a demographic study of licensees and a diversity plan. The total for this essential package is (\$300,000) – BLPCT

#### **031 Standard Inflation**

This package includes the cost of goods and services adjusted for anticipated inflation. For the 2023-25 biennium, the standard inflation factor is 4.2%, and includes services and supplies, non-PICS personal services costs, capital outlay, and some special payments. The non-state employee personnel costs (contract providers) rate, as applied to the Professional Services line item, is 8.8%. The hourly rate for Attorney General costs increased by 17.67%. This package also adjusts costs for changes in State Government Service Charges. The total for this essential package is \$104,739 – BLPCT and \$89,531 – BOP.

#### **090 Analyst Adjustments**

This package includes post-appeal analyst adjustments as requested by the Agency. It adds \$11,752 in Personal Services expenditure limitation for Board member per diem, which was missed as part of Package 010. It adjusts the cost allocation model that currently appropriates certain shared expenditures between the Boards. It shifts the split from 70% BLPCT / 30% BOP to a 75% BLPCT / 25% BOP, to adjust for the fact that BLPCT is growing at a faster rate than BOP and thereby requiring more resources. Lastly, it reduces revenues to adjust for the Boards' fee decrease. The total for this essential package is \$669,245 – BLPCT and \$64,918 – BOP.

#### **092 Statewide AG Adjustment**

This package adjusts the Attorney General rates by 4.62% to reflect adjustments in the Governor's budget. The total for this package is (\$13,781)- OBLPCT and (\$17,507)- OBOP.

### POLICY OPTION PACKAGE 100 – Administrative Specialist

#### **Purpose:**

This package requests the creation of an Administrative Specialist 1 (1.0 FTE) position. As the Mental Health Regulatory Agency has developed and matured from its inception in 2018, the Executive Director and Board leadership have monitored the success of the organizational structure and identified opportunities for improvement. The current agency structure includes licensing and compliance sections that carry out the regulated Boards' public protection functions of issuing and renewing licenses and registrations, enforcing established standards of licensure and professional practice, investigating complaints of misconduct, and monitoring sanctioned practitioners for compliance. However, there is currently no stand-alone administrative position to carry out the accounting and other program support functions such as accounts payable and receivable, board and committee meeting coordination, travel arrangements, and scheduling. These responsibilities have historically been allocated among various licensing and compliance staff members and management, adding to an already substantial workload. The Agency respectfully requests via this policy option package that a new Administrative Specialist position be approved to efficiently administer specified program and accounting support duties beginning in the 2023-25 biennium.

#### **How Achieved:**

This proposal adds a permanent position of Administrative Specialist 1 necessary to support agency functions. This will help the Agency meet its strategic goals of efficient application processing, timely investigations, and optimal customer satisfaction to consumers, licensees, and applicants for licensure. The licensing and compliance sections have faced continued growth in the licensing base for the two regulated Boards. This significant increase in workload has left them little time to effectively perform the added administrative duties. Ensuring that the regulated boards have adequate staffing oversight and balanced workload is crucial to maintaining appropriate licensing and compliance program service levels and ensuring the administrative needs of the Boards are met. This proposal promotes cost avoidance through a more effective licensing section that is able to quickly process licensure applications and renewals and respond to stakeholder needs. The added staffing layer will promote accountability and allow agency leadership to increase focus on mission-oriented responsibilities. This proposal supports a strong staffing structure for an agency that continues to grow in terms of the volume of licensees, residents, registered associates, and applicants subject to regulation. The Boards' ability to work more effectively and efficiently will result in improved customer service and enhanced ability to protect the public.

The Administrative Specialist will perform several critical functions, including:

- Program Support (55%)
  - Act as a liaison between Agency and other state agencies or the public in communicating program information, goals, and objectives.

## PROGRAM UNITS

The graphic on the right demonstrates the Boards' increases in volume for licensing. The number of new Licensed Professional Counselor (LPC) licenses, Licensed Marriage and Family Therapists (LMFTs) licenses, and associate registrations issued by BLPCT has been increasing by an average of 10.0% per year over the last ten years. For BOP, the number of new psychologist licenses, new psychologist residents, and limited permits issued each year has increased by an average 9.2% per year over the last ten years. Much of BOP's permit growth is attributable to the larger than typical volume of permits issued during the pandemic, which is now beginning to decline

### Staffing Impact:

This package establishes one new position- an Administrative Specialist 1 (AS-1, OAS, 1.0 FTE).

### Quantifying Results:

This proposal will allow the Agency to meet the following strategic plan goals:

- Streamline Board operations, particularly licensing processes
- Maximize administrative efficiency
- Optimize staffing and facilities to meet resource needs

The Agency will review trends in all key performance measures, particularly customer satisfaction and timely processing of licensure applications, in order to quantify the results if this proposal is approved. The Agency expects improvements in these areas.

### **Revenue Source:**

The funding source is 100% Other Funds from licensing-related fees. The total requested ongoing limitation increase is \$161,766 in Personal Services and \$20,653 in Services and Supplies for total expenditures of \$182,419, in addition to position authority for 2023-25. This package does not directly add revenue to the Agency appropriation, but it allows the Agency to maintain continued increases in other current revenue sources. No fee increase is needed to support this package.

### POLICY OPTION PACKAGE 101 -Investigator

#### **Purpose:**

This package requests the creation of a permanent Investigator (INV-2) position. During the 2021-23 biennium, a limited duration INV-2 position was approved and hired. The Executive Director and Board leadership have evaluated compliance program effectiveness and workload levels, and have determined that there is a continued need for this position as the Boards' licensee bases continue to grow. Therefore, the Agency is now requesting that this position be approved to continue as a permanent arrangement beginning in the 2023-25 biennium.

#### **How Achieved:**

This proposal adds a permanent position of Investigator (INV-2) to support agency compliance functions. This will help the Agency meet its strategic goals of timely complaint investigation processing and optimal customer satisfaction to those who have filed complaints and respondents subject to investigations. The limited duration Investigator will move to permanent status, and will remain on a team of three other permanent agency investigators to support the completion of timely, thorough, and procedurally sound investigations. The Agency's Compliance Section is facing an ever-increasing number of investigation requests and complex cases, and must dedicate significant time to each case to ensure that Board members have sufficient information to take appropriate action based on the facts. This proposal promotes cost avoidance through increased a more effective compliance section whose complete investigations are strong and defensible in contested case hearing or on appeal. This package supports a strong staffing structure for an agency that continues to grow in terms of the volume of licensees, residents, registered associates, permit holders, and applicants subject to regulation. The Boards' ability to work more effectively and efficiently will result in improved customer service and enhanced ability to protect the public.

The Investigator performs important functions, including:

- Complaint Investigations (75%)
  - Review assigned investigation cases to identify potential violations and scope of investigation.
  - Research and apply statutes, rules, interpretations, agency policies, case law, and related federal law to allegations contained in complaints.

## PROGRAM UNITS

The graphic on the right demonstrates the Boards' increases in volume of investigative cases. The annual number of investigations received by the Boards has increased by an average of 7.3% per year over the past 10 years. As previously discussed, the licensing base continues to grow. More practitioners means more consumer complaints. There was some reduction in the volume of investigations during the pandemic. However, in 2022 the Boards saw a record high volume of cases. The Agency expects the volume of compliance issues to continue to grow each year.

### Staffing Impact:

This package establishes one new position for 2023-25- a permanent Investigator (INV-2, 1.0 FTE).

### Quantifying Results:

This proposal will allow the Agency to meet the following strategic plan goals:

- Efficient and effective Board operations, particularly complaint investigation processes
- Streamline complaint investigation process, and make public information available as soon as possible
- Optimal customer satisfaction

The Agency will review trends in all key performance measures, particularly customer satisfaction and timely processing of complaint investigations, in order to quantify the results if this proposal is approved. Another measure will be the number of cases that require investigation extensions because they are not presented to the Boards within 120 days of receipt. The Agency expects improvements in these areas.

## PROGRAM UNITS

---

This proposal supports the Agency's mission to protect the public from harm through the licensing and regulation of behavioral and mental health professions in Oregon. Without necessary funding, the Agency may face inadequate and untimely resolution of compliance matters that involve harm to the public.

### **Revenue Source:**

The funding source is 100% Other Funds from licensing-related fees. The total requested ongoing limitation increase is \$179,062 in Personal Services, in addition to position authority, for 2023-25. This package does not directly add revenue to the Agency appropriation, but it allows the Agency to maintain continued increases in other current revenue sources. No fee increase is needed to support this package.

### POLICY OPTION PACKAGE 102 - Licensing

**Purpose:**

This package requests to add additional revenue that is expected to be collected on the passage of the Board of Licensed Professional Counselors and Therapists' [House Bill 3300](#). If approved, the expected effective date will be January 1, 2024. In preparation, the Board will initiate administrative rulemaking to establish a new limited permit fee of \$100.

**How Achieved:**

The Board expects to issue 511 limited permits in FY 24 and 1,054 permits in FY 25. These projections are based on the volume of permits issued by the Board of Psychology, assuming the demand will be proportionately similar, but including some conservatism since the introduction of permits may reduce the volume of licenses issued.

**Staffing Impact:**

This package itself has no impact on staffing. There will be added staff workload to implement the new permits, which will be absorbed within current staffing resources. Approval of Policy Option Package #100, which adds the Administrative Specialist position, will help to alleviate some of the additional ongoing licensing staff workload that will be required to issue these new permits.

**Quantifying Results:**

The overarching purpose of this proposal is to increase access to mental health care for Oregonians. It provides out-of-state practitioners an option to practice in Oregon for a limited purpose and duration, rather than being required to go through the more costly and rigorous process to become fully licensed. While this element is challenging to measure, the Agency will review trends in all key performance measures, particularly customer satisfaction, to quantify the results if this proposal is approved. This proposal supports the Agency's mission to protect the public from harm through the licensing and regulation of behavioral and mental health professions in Oregon.

**Revenue Source:**

The revenue source is 100% Other Funds from this new licensing-related fee. The total requested ongoing revenue increase is \$156,500 in 0205 Business Licenses and Fees for BLPCT in 2023-25. This package does not directly add expenditures to the Agency appropriation, but will help offset the new expenditures associated with Policy Option Package #100.
