

Non-organic Seed Affidavit

ODA CERTIFIED ENTITY: ODA CERTIFICATION NUMBER:
AG-C000 OC

The National Organic Program establishes specific requirements around the use of non-organic seeds that are to labeled, or sold as "organic" In order to use a non-organic seed, verification must be obtained that the seed has been produced without the use of excluded methods (genetically modified organisms), ionizing radiation, and sewage sludge. You must complete one of these forms for any non-organic seed used in the production of a product that is to be labeled as "organic". Alternatively, you may submit another form/letter that encompasses the information below.

NOP 205.105: To be sold or labeled as "100 percent organic," "organic," or "made with organic (specified ingredients or food group(s))," the product must be produced and handled without the use of:

- (a) Synthetic substances and ingredients, except as provided in §205.601 or §205.603;
(b) Non-synthetic substances prohibited in §205.602 or §205.604;
(c) Nonagricultural substances used in or on processed products, except as otherwise provided in §205.605;
(d) Nonorganic agricultural substances used in or on processed products, except as otherwise provided in §205.606;
(e) Excluded methods, except for vaccines: Provided, That, the vaccines are approved in accordance with §205.600(a);
(f) Ionizing radiation, as described in Food and Drug Administration regulation, 21 CFR 179.26; and
(g) Sewage sludge.

Please refer to the National Organic Program Standards §205.2 for definitions of terms above.

Table with 2 columns and 4 rows: Ingredient Name, Manufacturer Name, Manufacturer Address, Manufacturer Phone.

To be signed by an authorized representative of the above named manufacturer of the ingredient:

I, on behalf of the manufacturer named above, hereby attest that the product named above meets the requirements set forth in the National Organic Program (7 CFR 205.105(e), (f), and (g)).
