Accountability Detail Sheets

This past spring, ODE received approval from the US Department of Education to adjust how CSI and TSI schools are identified, with the requirement that states resume these provisions this fall.

On August 15, ODE shared a message to leaders across the state regarding how the state determines new schools and exits schools who were identified for Comprehensive or Targeted Support and Improvement (CSI/TSI) under the Every Student Succeeds Act (ESSA).

1) The Accountability Detail Sheets are embargoed until the public release date. **Please do not duplicate or distribute.**
2) The suppressed version of the Accountability Details Sheets are available to preview as of September 1.
3) As of August 11, the below data are available to preview on the Accountability Detail Sheets:
   a. The level ratings for all indicators
   b. The ESSA supports for student groups
   c. The school level suggested level of support for 2021-22, 2018-19, and 2017-18
   d. The level cuts for all indicators
4) Those schools that were previously identified for Targeted or Comprehensive Supports in 2017-18 or 2018-19 will have "Under Review" as their 2021-22 Suggested Level of Support at this time. Previously identified schools will undergo an Exit Review Process before a final determination is made.

Please take this time to review your data, as many of the data validations closed on August 19. We welcome your questions.

At-A-Glance School and District Profiles

1) The At-A-Glance Profiles are embargoed until the public release date. **Please do not duplicate or distribute.**
