

High School Success Plan
2021-2023

OREGON
DEPARTMENT OF
EDUCATION

Lead Organization	Willamina School District
Goal #1	85% of 9th grade students will be on-track.
Short-Term Outcome	9th Grade On Track team (staff) will meet regularly to look at data and come up with support plans for students. Students and families will help evaluate the effectiveness of the supports. All freshman will take Freshman Focus for one period during 9th grade. The course will help students build foundational academic and social/emotional skills for success.
Long-Term Outcome	The overall 9th Grade On Track will increase by 10%
Goal #2	Students taking CTE courses will increase by 10%.
Short-Term Outcome	Will expand CTE courses to expose students to new career fields and allow them to explore interests. This will help guide us in the expansion of our future CTE programs of study.
Long-Term Outcome	CTE courses, programs of study, and opportunities will expand and diversify to promote more career pathways for students.
Goal #3	Attendance will improve by 10%
Short-Term Outcome	To reduce chronic absenteeism and reinforce dropout prevention, we will create a tiered system of support and intervention. The attendance team will use data to identify areas of growth and provide school wide positive reinforcement. In addition, the attendance team will meet weekly to analyze data and implement levels of support based on need.
Long-Term Outcome	Attendance will improve by 15% with the largest increase seen in the focal groups identified in the needs assessment.
Dropout Prevention Activity #1	The 9th Grade on Track team will meet monthly to review student progress. We will focus on students who are not making adequate academic progress. Interventions will be created to support students. We will also plan and coordinate activities that will be proactive for 9th graders to transition into high school and maintain the level of support needed to feel a sense of value and belonging. We will use funds to pay a portion of the salary for a teacher to teach a Freshman Focus course to all 9th graders. This will provide support and skills to help them be successful academically and socially.
Goal(s) this activity addresses	Goal 1
Dropout Prevention Activity #2	Our attendance coordinator will work collaboratively with the attendance secretary to obtain accurate attendance data weekly. The coordinator will analyze data and place students into the appropriate tier for support (level 1, 2, 3). The attendance team will meet weekly to discuss students who are needing level 2 and 3 supports, which may include letters, meetings, attendance contracts and citations. A portion of the budget will be used to pay part of the salary for our attendance coordinator.
Goal(s) this activity addresses	Goal 3

**Career Technical
Education Activity
#1**

Maintain the Ag Program of Study by having 2 CTE teachers. This will allow us to offer more courses and sections and include a middle school component. Our goal is to expand our CTE offerings for students and begin to explore other programs of study. We will use the funds to pay for our 2nd CTE teacher. We have budgeted \$30,000 to allow us to purchase equipment and/or training to expand our current program. We are hiring a new teacher, so wanted to leave some flexibility to support the teacher's vision.

**Goal(s) this activity
addresses**

Goal 2
