ODE Processing Timeline

Before New School Year Information for Processors

Approved SEPDS and Commodity Calculators will be posted on ODE Diversion/Processing website for recipient agency viewing.

January

ODE consolidates the orders into truckloads and coordinates splits with other states. ODE orders products and schedules delivery to processors.

March-April

February-March

Recipient Agencies will complete their USDA material pounds diversion/processing orders in WBSCM.

May-June

ODE will send each processor a summary that includes a list of RAs and the USDA Foods amount they diverted; sales order number (SO#) and requested ship period for each truck; and, any state account pounds to be transferred to RAs to balance truckloads and fulfill orders.
