

COVID-19 Biweekly Report

Oregon's Biweekly Surveillance Summary

Kindergarten-12th Grade School Report

OHA is publishing data on COVID-19 cases associated with schools that offer in-person instruction. This is to inform the public of potential COVID-19 exposure and to provide transparency surrounding COVID-19 in schools. School is defined as any place of learning for students from kindergarten through twelfth grade, or a subset, with at least 30 students enrolled. This includes, but is not limited to, public schools, private schools, parochial and charter schools. Staff is defined as any person who works full time or part-time at the school, regardless of their position. A volunteer is defined as any person who volunteers onsite. Cases are reported if they worked or attended school (either for class or other activities like a sports practice) during their exposure or infectious period.

As of July 21, 2021, OHA will provide three tables with school associated case and outbreak information. OHA will now report recent student and staff/volunteer cases in addition to schools with active and resolved outbreaks. OHA will no longer report student and staff/volunteer cases as cumulative case counts. A school may appear in more than one table as the case and outbreak tables record different information.

The July 14, 2021, Weekly Outbreak Report has a list of cumulative case counts by school of the 2020-2021 school year and can be found here:

<https://www.oregon.gov/oha/covid19/Documents/DataReports/Weekly-Outbreak-COVID-19-Report.pdf>.

Table 7 below includes all schools that have recent cases, defined as 1 or more cases of COVID-19 in students or staff/volunteers where the most recent onset occurred within the past 28 days. Student and staff/volunteer cases with onset beyond the past 28 days

COVID-19 Biweekly Report

Oregon's Biweekly Surveillance Summary

will be removed from the student and staff/volunteer case counts in Table 7. Schools where all cases of COVID-19 have resolved, defined as no new cases in 28 days after the last case's onset, will be removed from the Kindergarten-12th Grade School Report. Previous versions of the report can be found in the archive.

As of September 22, 2021, all cases associated with school outbreaks will be reported in the active (Table 8) and resolved (Table 9) tables. Case counts may include cases who were not at school but are close contacts of those exposed at school. This provides a more accurate picture of the scale of K-12 related outbreaks because they may link to other cases in the community.

Table 8 includes all schools with active outbreaks, defined as 2 or more cases of COVID-19 in students or staff/volunteers that have a shared, defined exposure within a school setting and where the most recent onset occurred within the past 28 days. Schools that have resolved outbreaks, defined as 2 or more cases of COVID-19 in students or staff/volunteers that have a shared, defined exposure within a school setting and where the most recent onset occurred between 28-56 days ago, will be moved to a separate table (Table 9). Schools that have closed outbreaks, defined as 2 or more cases of COVID-19 in students or staff/volunteers that have a shared, defined exposure within a school setting and where the most recent onset occurred more than 56 days ago, will not be included in the Kindergarten-12th Grade School Report. Any suspected school outbreak is required to be reported to the local public health authority (see OAR 333-018-015). Local health department and tribal partners investigate to identify outbreaks in these settings. This list of outbreaks will be updated as investigations continue, and as we learn about epidemiologic links between cases.

Table 7. Recent cases

Schools with recent COVID-19 cases (n=344)

School Name	Address	County	Students	Staff/ volunteers	Most recent onset
Ridges Elementary School	21472 SW Copper Terrace, Sherwood, OR 97140	Washington	9	1	2022-05-30
North Plains Elementary School	32030 NW North Ave, North Plains, OR 97133	Washington	16	1	2022-05-27
