Partnering to

Empower Consumer Independence

By Connecting Consumers with Assistive Technology

Laurie Brooks, President

"For people without disabilities, technology makes things easier.

For people with disabilities, technology makes things possible."

2016 NWD LTSS Transformation Grant Objective

- Identify and Develop Strategies For Increased:

- Collaboration between Oregon ADRC and the Oregon Statewide Assistive Technology Program

- Provision and utilization of AT for individuals with disabilities across the lifespan and their families

Aging in America

- Life expectancy is 78.8 years.

- 52% of people turning 65 today will require Long-Term Services and Supports during their life

Activities of Daily Living (ADL)

ADL Function	Independent	Needs Help
Bathing		
Dressing		
Grooming		
Mouth care		
Toileting		
Transferring bed/chair		
Walking		
Climbing stairs		
Eating		

Instrumental Activities of Daily Living (IADL)

IADL Function	Independent	Needs Help
Shopping		
Cooking		
Managing medications		
Using the phone and looking up numbers		
Doing housework		
Doing laundry		
Driving or using public transportation		
*Managing finances		

Aging in America

- Technology adoption rates by seniors are rising

- Assistive technology for seniors are a $14 billion industry – rising to $26 billion by 2029

Hazards in Disguise

State Assistive Technology Program Activities

- promote **interagency coordination and collaboration** with community-based organizations to improve access to assistive technology devices and services for individuals of all ages who experience a disability.

- support **public awareness** designed to provide a statewide information and referral system related to the availability and benefits of assistive technology devices and services.

- provide **training and technical assistance** to promote access to assistive technology devices and services, including outreach support to individuals from under represented and rural populations.

State Assistive Technology Program Activities

- support **statewide financing systems** for the purchase, lease, or other acquisition of AT devices and services.

- support **device re-utilization programs** that provide for the exchange, repair, recycling, or other re-utilization of AT devices.

- support **device loan programs** that provide for short-term loans of AT so that individuals can try out devices or fill a temporary need for a device.

- support **device demonstration programs** that demonstrate a variety of AT devices and services and provide information about vendors, providers, and repair services.

ACCESS TECHNOLOGIES, INC.

Partnership Considerations

Work with ATI to ensure ADRC database has a robust set of AT related listings/services

ATI provide education, trainings and technical assistance to ADRC staff to promote access to assistive technology

Collaborate on Outreach activities
  Work with ADRC to develop ten AT Demo Kits for outreach/educational events

  Provide ADRC staff with training and TA on kits

  Provide information on how to maintain kits

Develop/strengthen cross referrals

ATI to participate on ADRC Statewide Advisory Council
