David McDonald, Traffic Incident Management Coordinator Texas Department of Transportation

David McDonald retired from the Austin Police Department where he served for 25 years. During his career he worked in many different units: Patrol, Gang Unit, Motorcycle Unit, Community Outreach, and spent his last 7.5 years working in the Traffic Unit. Prior to joining the Austin Police Department, David served in the Marine Corps.

David now serves the citizens of Texas and is the Statewide Traffic Incident Management Coordinator for the Texas Department of Transportation. In this role he wears many hats. David leads the statewide TIM efforts working closely with regional TIM Coordinators. He facilitates multiple training classes and enjoys being around those responders who keep us safe day and night. He considers himself bi-lingual as he speaks both cop talk and is now able to speak the DOT language.
