

Applying Online for VA Healthcare

- Go to this website: <https://www.vets.gov/healthcare/apply>
- Click on 'Apply for VA Health Care'
 - This form is only for the veterans, caregivers can click the link that says 'Find the Form You Need' in the yellow line
- Make sure you have enough time to devote to complete this process, it cannot be saved and returned to later
- Click on 'Get Started' and follow the instructions closely
- A few tips:
 - Again, make sure you have time to complete the entire process
 - Be honest about your income and assets as the VA does link with the IRS to verify these amounts
 - Save a printout or PDF screenshot of the confirmation page for your own records

Any hiccups in the system or questions, please let me know. Ultimately I can always help you fill out the paper form (1010-EZ) if you'd prefer.

Thank you!

Nathaniel Boehme, M.A. / LGBTQ Veterans Coordinator
