Community Health Assessments (CHAs)

Every five years.¹ However, nothing precludes CCOs from updating the CHA more frequently.

2. When is my CCO’s CHA due?

By December 31 of the Contract Year in which the CHA was completed unless the updated CHP is completed the following year. In this case, the CCO may submit its CHA attestation to OHA the following year with its updated CHP.²

3. What are the CHA requirements and evaluation criteria?

Please refer to the [CHA attestation self-evaluation checklist](#) for a list of requirements and evaluation criteria. The checklist is intended for CCOs to use but is not required to be submitted to OHA.

4. How do I attest that my CCO’s CHA has been updated to OHA?

Please review the instruction’s tab in the CHA attestation self-evaluation checklist (referenced above) for submission details.
