

CONTRACTOR/CCO NAME: Trillium CCO (SW)
 REPORTING PERIOD: 1/1/2022 - 12/31/2022

Enter the per-member-per-month (PMPM) dollar amount you paid clinics participating in dollar amount. In the "Average PMPM" column, enter the average PMPM payment for each tier times the number of members attributed as compared to the second clinic, then the average number of member months.

Evaluation criteria for this worksheet: Response required for each highlighted cell, ev

PCPCH Tier	Number of contracted clinics	PMPM dollar amount or range
Tier 1 clinics	N/A	N/A
Tier 2 clinics	N/A	N/A
Tier 3 clinics	9	
Tier 4 clinics	14	
Tier 5 clinics	11	

the Patient Centered Primary Care Home (PCPCH) program. If the PMPMs vary for each tier, weighted by enrollment. If you paid one 'Tier 1' clinic \$9.50 PMPM and another \$10.00 PMPM, the average weighted PMPM would be \$9.625. ($\$9.50 \times 0.75 + \$10.00 \times 0.25 = \9.625). Then if there are no current clinics in your service area at that tier level. Non-response

Average PMPM dollar amount	If a PMPM range (rather than a fixed dollar amount) is provided in column C, please explain.
N/A	
N/A	

For a given tier, you may enter a range. Otherwise, enter a single value. For example, for a 'Tier 1' clinic \$10.00 PMPM, and the first clinic had three members. The weighting may be calculated using number of members or

Values in a highlighted cell will not be approved.

If applicable, note any deviations and rationale from required payment per tier (e.g. no payments to tier 1 clinics because there are none in CCO service area).
