About Canopy

Founded in Oregon in 1975, Canopy has a rich history of supporting school districts and the State of Oregon, alongside our **commitment to improving quality of life** and **supporting organizational success**. We provide mental health hotline, counseling services, behavioral coaching, peer support, digital mental health tools, organizational services including webinars, management consultations, layoff support, and crisis response to organizations nationally.

The Canopy Difference

Canopy is **always observing, learning, and adapting**. We continuously find new ways to solve problems because we believe that there is no one-size-fits-all approach. Customers choose Canopy because our services provide a better experience, improve outcomes, and give them higher value.

Providing Innovative Solutions

With a focus on the future, **Canopy provides personalized solutions** by connecting each member with the appropriate level of care.

We're a Partner, Not Just a Solution

Every Canopy customer is paired with a **dedicated Customer Success Manager** who serves as an extension of your HR team, offering strategic support tailored to your organization.
