<sup>1</sup> Pregnancies include resident births and occurrence abortions, but exclude fetal deaths and spontaneous abortions.

<sup>2</sup> Oregon residence, figures for births (includes 15-44 year-old females only).

<sup>3</sup> Oregon occurrence, figures for abortions (includes 15-44 and unknown age females).

Note: ORS 435.496 was implemented in 1984, requiring all providers of abortion to file a report of induced termination of pregnancy for each abortion performed. Rates per 1,000 females 15-44 years of age.

**Table 3-2. Live births and induced abortions occurring in Oregon, 1980-2016**

Year	Births	Induced abortions	
		Number	Ratio

2012	45,566	9,016	197.9
2013	45,591	8,287	181.8
2014	46,100	8,231	178.5
2015	46,102	8,610	186.8
2016	45,977	8,942	194.5

\* The increase in the 1980 total reflects improved reporting rather than an increase in the number of abortions performed. Approximately 1,000-1,400 of the abortions were performed by providers who did not participate in the voluntary abortion reporting system prior to 1980 even though they performed abortions in previous years.

\*\*The increase in the 1984 total is probably a consequence of the implementation of ORS 435.496, which requires that an induced termination of pregnancy report be filed by abortion providers whenever an induced abortion is performed.

NOTE: Induced abortion ratio is the number of abortions per 1,000 live births.

2016	45,977	8,942	194.5

\* The increase in the 1980 total reflects improved reporting rather than an increase in the number of abortions performed. Approximately 1,000-1,400 of the abortions were performed by providers who did not participate in the voluntary abortion reporting system prior to 1980 even though they performed abortions in previous years.

\*\*The increase in the 1984 total is probably a consequence of the implementation of ORS 435.496, which requires that an induced termination of pregnancy report be filed by abortion providers whenever an induced abortion is performed.

NOTE: Induced abortion ratio is the number of abortions per 1,000 live births.
