

Disease Outbreaks by Etiology

We investigated a total of 125 outbreaks in 2005. One of the largest, 280 cases of *Shigella sonnei* occurred among campers at a spiritual retreat. There was *Cryptosporidiosis* at the YMCA in Jackson County, a multi-pathogen outbreak (*E. coli* O157 and *Campylobacter*) outbreak at an outdoor camp for kids and *Salmonella* in ice cream! *E. coli* O157-adorned salads were responsible for three outbreaks, organic eggs and raw milk (for pets) were also tagged as culprits.
