

## Sampling Points for Monitoring – Groundwater Systems

(Shows a full complement of sampling requirements for Community Water Systems)

### Example Water System Schematic

### Sampling Point for:

Example water systems and Entry Point sampling requirements:

#### System: Two wells, one Entry Point

#### How many Entry Point sampling locations:

<u>Facility ID</u>	<u>Facility Name - <a href="#">Well Logs</a></u>
EP-A	EP FOR WELLS
SRC-AA	WELL #1 - <a href="#">LANE9594</a>
SRC-AB	WELL #2 - <a href="#">L65092</a>

EP-A

#### System: Three wells, three Entry Points

<u>Facility ID</u>	<u>Facility Name - <a href="#">Well Logs</a></u>
EP-A	EP FOR WELL #1
SRC-AA	WELL #1 - <a href="#">LINN10704</a>
EP-B	EP FOR WELL #2
SRC-BA	WELL #2 - <a href="#">LINN57105</a>
EP-C	EP FOR WELL #3
SRC-CA	WELL #3 - <a href="#">L23913</a>
