

Oregon WIC Coordinators Association (OWCA)

The purpose of the association is to connect Oregon's local WIC coordinators to collectively act on behalf of the program.

OWCA will promote functions to include the following:

- A. To act as a resource network for sharing ideas, materials, and procedures among persons working in the day to day operations of local WIC programs.
- B. To identify issues and concerns of local WIC programs and to develop recommended solutions.
- C. To act as a resource regarding issues specific to the health and nutrition of women, infants and children. The association will not participate in lobbying activities.
- D. To act as a liaison with community health and social service organizations and other interested parties.
- E. To promote the improved nutritional status, health, and well being of women, infants and children, and sustain a quality WIC program.

Approved April 2010
