Oregon PDMP User access to California CURES prescription database

As a condition to accessing California CURES prescription data, an Interstate-User must execute and retain a copy of this fully executed acknowledgment for a period of 5 years from the date of signature.

Upon request, the Interstate-User must provide a copy of their executed acknowledgment to the Oregon PDMP, CURES, or that user's licensing board.

All access and use of CURES and data obtained from CURES by Interstate Prescribers, Interstate Pharmacists, or Interstate Non-DEA Practitioners must comply with California Code of Regulations, <u>title</u> <u>11, chapter 8.5, article 2.5</u>, and all applicable provisions of <u>California Health and Safety Code</u>, <u>division 10</u>, <u>chapter 4</u>. Any violation of the Terms and Conditions of CURES, or any applicable State or federal law or regulation, may result in prosecution. I have read, understand, and agree to the foregoing terms and conditions governing the access and use of CURES and data obtained from CURES.
