Must be discarded after 12 hours.</p>

Overview of Novavax Recommendation

- **Individuals previously vaccinated with any COVID-19 vaccine:**
One dose of 2023-2024 Novavax COVID-19 Vaccine administered at least 2 months after receipt of the last dose of an original monovalent or bivalent COVID-19 vaccine.
- **Individuals not previously vaccinated with any COVID-19 vaccine:**
Two doses of 2023-2024 Novavax COVID-19 Vaccine administered three weeks apart.
- **Immunocompromised individuals:**
An additional dose of 2023-2024 Novavax COVID-19 Vaccine may be administered at least 2 months following the last dose of a 2023-2024 COVID-19 vaccine. Additional doses may be administered at the discretion of the healthcare provider.
