General EMS & Trauma Systems Manager's Update

We are saddened to share that on Sunday, February 19, 2023, John Crabtree passed away with family by his side.

In 2017, John started at Oregon Health Authority (OHA) as a Fiscal Analyst 2 for the Health Security, Preparedness and Response Program. John supported the work of grant funding which positively impacted many programs and communities in Oregon. John also served as part of the Incident Command System during public health emergencies and events.

In 2020, John joined the EMS & Trauma Systems Program as a Program Analyst 2. John's experience as a field Paramedic and EMS Coordinator, along with his MBA education and fiscal management expertise, were integral to the efficacy and success of the Oregon EMS & Trauma Systems Program data team. John supported moving the program forward by modernizing the licensing process for Oregon's EMS providers and services. John's focus on supporting growth, transparency, and accountability, and his passion for the work will continue to influence and be a moving force in the EMS & Trauma Systems Program's future work.

John's leadership, work ethic, and drive were apparent to all who worked with him. John had a no-nonsense approach and found humor in most situations, even when faced with the most difficult obstacle of his life. We are thankful for the impact he had in our lives and our work.

Our friend and colleague John Crabtree will be dearly missed.

Quality Improvement

The License Management System Quality Improvement (LMS REVAMP) project has been paused to prioritize the upcoming renewal cycle. This project is intended to update and modernize the licensing process. Of the 28 applications and forms designated for updates, 11 are currently completed, 10 are in progress and 7 have not been started. All applications related to renewal and initial licensure have been completed. Work on this project is expected to resume in the 3rd quarter of 2023.

NEMSIS 3.5 Implementation

Oregon was the 7th State in the nation to go live submitting NEMSIS 3.5 compliant data to the national database. As of the end of the 1st quarter of 2023, 21 agencies are live on NEMSIS 3.5. A schedule for agency transition is in place, onboarding additional agencies and vendors through the rest of the year. Resources with more information about NEMSIS 3.5 and the Oregon implementation plan are available through our web site or at the links below

Data Quality Assurance

EMS and Trauma Data Quality tool development is ongoing. An application for exploring trauma band distribution in OREMSIS and OTR was developed and demonstrated for proof of concept. The data team also continued to build documentation for Data Quality tools and reports.

Oregon Trauma Registry RFP

The Oregon Trauma Registry Request for Proposal (RFP) process is required by the Department of Administrative Services (DAS). The RFP has been drafted and is currently under review by Department of Justice. Planned publishing is for April 2023.

Reporting

The Oregon EMS & Trauma Data Team has been engaged in reporting work including the following:

- An updated EMS for Children Program dashboard has been developed and will be available through the web site
- Trauma biennial report is under review, anticipated publication in Q2 2023
- EMS Annual report dashboard's anticipated publication is 2023 Q2

Data Requests and Partnerships

In the first quarter of 2023, the Oregon EMS & Trauma Data Team have supported several projects from other OHA programs, state agencies, and outside research organizations including:

- OHSU Using Machine Learning, to find a life-saving needle in a haystack of children's emergencies
- OHSU Emergency Medical Services for Children, Evaluation of Readiness and Outcomes (EMSC-HERO)
- NEMSIS Multistate EMS and Medicaid Dataset (MEMD): A Linked Dataset for Patient-Centered Outcomes Research
- A Multi-Center Prospective Evaluation of Prehospital Ketamine Administration and ED Disposition in the Trauma Patient (Western Trauma Association)

Data Integration projects

- Work to implement the linkage between the License Management System and OR-EMSIS has been placed on pause, due to the discovery of a data quality issue that the project was producing in OR-EMSIS. Contractors are working to resolve the issue, and the project is expected to resume in the 2nd quarter of 2023. Since the beginning of the linkage, 288 agencies have been completed.
- The Oregon EMS & Trauma Systems Program has initiated a project with Oregon-Idaho High Intensity Drug Trafficking Area (HIDTA) to integrate EMS data into the Overdose Detection Mapping Application Program (ODMAP). This will provide a resource for monitoring trends and spatial patterns in drug overdose events.

Ambulance Service Area (ASA) Review

In accordance with [OAR 333-260-0020\(7\)](#), the OHA EMS & Trauma Systems Program reviews county Ambulance Service Area (ASA) plans for compliance with state regulations at least once every five years. The OHA EMS & Trauma Systems Program is working with counties to ensure all ASA plans have been determined to be compliant with state rules within the past five years. Counties with outdated approvals are being prioritized for review.

CARES

The OHA EMS/TS office is excited to announce the data integration project of OR-EMSIS and CARES, scheduled to start summer 2023. This integration will allow the **ePCRs to automatically upload the data sets into the agency CARES form.** The state will work with the agencies on the transition timeline. Until this work is completed, agencies will still need to manually input the CARES data.

Ground Emergency Medical Transportation coordinated care organization (GEMT CCO) funding continues to positively impact Oregon's public transporting agencies. Information is available on the [GEMT website](#). Collaboration between the GEMT program and CARES program continue to identify future work for the programs.

RESUSCITATION ACADEMY

A foundation committed to improving cardiac arrest survival rates

Oregon Resuscitation Academy is scheduled May 11 and 12, 2023, at St. Anthony Hospital in Pendleton, OR. This academy is supported through the HeartRescue Foundation. For more information, please complete the [Oregon RA Application](#).

CARES 2022 Data is in final stages for annual reporting

- April – CARES national reporting for 2022 will be extracted.
- May – Oregon Agencies, Dispatch Centers, and Hospitals receive annual reports

Rule and Legislation Update

Legislation

The 82nd Oregon Legislative Assembly convened the 2023 Legislative Session on January 17, 2023. As of March 1, 2023, more than 2,400 bills have been introduced and the Health Care Regulation and Quality Improvement section is tracking more than 250 of those bills.

Please see the attached EMS Legislative Report for bills that impact or may be of interest to EMS agencies and providers.
