Dear Chair Alderson:

The triennial agency review of Baker County Health Department was conducted May 15 through June 16, 2023. The Oregon Health Authority Public Health Division reviewed county public health programs for compliance with state and federal public health laws and compliance with the Intergovernmental Agreement for the Financing of Public Health Services and the Intergovernmental Agreement for Environmental Health Services.

The review included appraisal of items in 11 program areas, listed below. Program areas that had compliance findings are indicated with an asterisk. The Local Public Health Administrator, Meghan Chancey, will receive reports for each program areas reviewed, any compliance findings, and the corrective actions required to resolve the findings.
