Language(s) selected:

“MCID” Field Added to the “Provider” Selection Screen

On the **Provider** selection screen, the field **MCID** (Medical Contact ID) has been added to offer a faster way to search for a provider.

BEFORE:

The screenshot shows the 'Providers, Facilities & Labs' interface. On the left, a sidebar contains 'Docs 1', 'Letters 0', 'Log' with a 'Provider: [none added]' dropdown, and 'Notes 7' with a 'Keep Active' checkbox. Below this is a 'Local Epi:' section with 'Received by LHD:', 'LHD Completion Date:', and 'State Completion Date:' fields. The main area shows a 'Current' dropdown and a 'Reporter' dropdown. A '+ Provider' button is highlighted with an orange box and an arrow pointing to a 'Providers' modal window. The modal has a search bar and a '+ Provider / Clinic' button. Below the search bar is a table with columns: 'Display Name', 'City', 'Lab', 'Hosp', 'Facility'. The first row is 'Ashland Community Hospital - ER' with 'Ashland' in the 'City' column. An information icon (i) is highlighted with an orange box next to the 'Edit' button for this row. A form for 'Ashland Community Hospital - ER' is open, showing fields for 'Phone', 'Fax', and 'Email'. The 'MCID' field is not present in this form.

AFTER:

This screenshot is identical to the 'BEFORE' one, but the 'MCID' field has been added to the provider form. In the 'Ashland Community Hospital - ER' form, a new field labeled 'MCID' with the value '10003' is highlighted with an orange box. The 'Providers' modal window and the table below it are also visible, with the 'MCID' field highlighted in the table row for 'Ashland Community Hospital - ER'.
