

Survey Introduction

Hello OHCS Stakeholders and Partners!

We hope spring finds you healthy and well. It is already that time of year again. As a state agency, Oregon Housing and Community Services (OHCS) is planning for next year's legislative session by preparing a robust legislative agenda that includes the largest budget request in the agency's history. This is intentional and represents OHCS showing up at scale to advance solutions to Oregon's housing crisis. This draft legislative agenda is grounded in the humanity of our commitment in serving the people of Oregon, and is emboldened by a sense of urgency, resolve and commitment to advancing equity and racial justice beyond words of solidarity.

2023 Legislative Agenda

OHCS' legislative agenda includes both *legislative concepts (LCs)* used to amend statutes, as well as *policy option packages (POPs)* that comprise investment requests above and beyond continuously appropriated resources included in the current service level funding for the agency.

In early May, OHCS released our draft 2023 legislative agenda online and through a series of webinars focused on the agency's three primary programmatic areas: Affordable Rental Housing, Homeownership, and Housing Stabilization. We hope you were able to join us! The webinar materials and recordings are posted [online](#), as well as this [2023 Draft Legislative Agenda Memo](#) which provides details on each legislative concept and investment request. ***We highly recommend that you have this memo available to reference while completing this survey.***

This Feedback Survey

As the agency continues to refine our legislative agenda, we want to hear from you! OHCS exists to serve the people of Oregon, gathering feedback on our legislative agenda is one important way we are seeking to make our processes more accessible to community. The primary goal of this survey is to help us understand: your level of support on this agenda, identify if you are working on similar efforts, and to help OHCS prioritize additional engagement focus in coming months. We also provide space for you to provide specific thoughts and/or ask any questions on the agenda overall and on

concepts we intend to put forward. The development, pursuit, and ultimately implementation of these statutory and investment requests is an iterative process of refinement.

This survey should take anywhere from 15-30 minutes to complete, depending on how many sections you decide to provide feedback on. In addition to the opportunity to provide feedback on OHCS' draft legislative agenda overall, you can also provide feedback in four specific areas: Affordable Rental Housing, Housing Stabilization, Homeownership, and Agencywide policy and investment requests. You can view a full pdf of this survey to help you understand which sections to select based on the questions in each survey section. You may select as many or as few sections as you wish to provide feedback on.

This survey is not anonymous as we want to be able to follow-up with interested parties on specific topics. In addition, at the end of the survey there are questions about your organization and who you serve. These demographic questions help us ensure this agenda development effort reflects the great diversity of Oregon communities. While optional, we truly appreciate your participation.

The survey will remain open through May 30, 2022. Thank you so much for your time and thoughtfulness in completing this survey! Your feedback is very valuable for our staff as we continue to refine our plans for the 2023-2025 biennium. If you have questions about this survey, please reach out to Jaci Ladewig, Administrative Rules & Legislative Coordinator, at Jacqueline.ladewig@hcs.oregon.gov.

Getting to know you

Overall Agency Questions:

OHCS' Draft 2023 Legislative Agenda — OVERVIEW

As OHCS looks ahead to pursuing our mission in the next biennium, we're eager to work with our partners and elected officials to continue to be responsive to Oregon's housing crisis and meet SWHP goals through a robust legislative agenda that builds on the successful work underway. **OHCS brings forward the largest request in the Agency's history: more than \$800 million to invest in housing solutions.** These requests collectively represent more than double any other investment requests previously made by OHCS.

To develop this legislative agenda, OHCS leadership articulated three key guiding principles:

- Build a sustainable, resilient response to housing instability by prioritizing proactive investments that take a **systemic, upstream** approach as well as **right-sizing the infrastructure** to ensure OHCS and partners can achieve the highest and best use of public funds.
- We acknowledge and take accountability for government's role in creating and exacerbating **housing disparities** and commit to re-examining these systems and structures, centering the voice of end users, especially communities of color, and using a racial equity lens when developing policy.
- Use the [Statewide Housing Plan](#), both the policy priorities and guiding principles, as the framework for the agenda.

Below are tables summarizing the legislative concepts and investment requests that make up this historic legislative agenda. Additional details available in the [2023 Legislative Agenda Memo](#).

Summary of OHCS' DRAFT 2023 Legislative Concepts

Notes: Concepts tagged as "placeholders" OHCS may introduce pending needs from developing POPs. Concepts tagged as "under development" are pending ongoing conversations with key partners and stakeholders. *OHCS is requesting a bill to introduce as a placeholder pending recommendations from the Task Force on Homelessness & Racial Disparities and the Interagency Council on Homelessness

Given the unprecedented housing resources paired with the increased attention to Oregon's long-standing housing crisis, from your vantage point, what are the key matters that OHCS leadership needs to be aware of?

OHCS pursues our mission by doing work across a housing continuum, which ranges from ending/preventing homelessness to increasing opportunities for homeownership, to financing the building and preservation of affordable housing.

On a scale from 1-5 with 1 being a poor balance and 5 being a good balance...

Are OHCS' recommended new investments striking the right balance in meeting the foreseeable needs of Oregonians across the housing continuum in the next biennium?

To answer, please use the slider below.

In order to strike a better balance, where would you recommend more or less investment?

Considering the agenda overall, please indicate how aligned you think this agenda is with each of the following guiding principles:

General agenda feedback

Final Feedback

No matter how many of the previous sections you completed, thank you for your contributions. To wrap up this survey we have a few final opportunities to provide feedback.

Considering the full agenda together, how do you feel overall about OHCS' draft 2023 legislative agenda?

Thank You!

Our partners and stakeholders are integral to the success of the work we do to ensure Oregonians have stable, affordable housing. We deeply appreciate the time you spent providing us with thoughtful feedback to advance our 2023 Legislative Agenda. The results of

this survey, along with feedback from the Housing Stability Council, will be used by OHCS leadership to further refine the agenda. Please stay tuned to the [website](#) for updates and additional engagement opportunities. [You can sign up for email legislative updates online.](#)

If you have a few more moments, are you be willing to provide some **process feedback on OHCS' stakeholder engagement efforts** thus far around the development of this 2023 Legislative Agenda, including this survey?

- Sure, what's a few more questions!
- No thanks, but I have appreciated the webinars, this survey, and/or other materials provided thus far
- No thanks, but I think OHCS should be doing more to engage stakeholders at this point in the agenda development process (please specify you ideas)
