Category: Action Required

Update For:

Other: ESG-CV Admin and Data Collection Remaining Funds

Message:

Greetings ESG-CV Network,

We hope you are all having a great start to the year! As we continue to wrap up the Emergency Solutions Grant – COVID 19 program, we are moving forward on deallocating any remaining funds and processing any remaining RFFs. In previous ESG-CV messaging, it has been noted that funding under the Admin and Data Collection categories has an expenditure date of December 31, 2023 as opposed to the September 30, 2023 deadline for other categorical funding. We are reaching out as your agency has been identified as having a remaining Admin and/or Data Collection balance. If your agency has eligible expenses that fall under these categories and you plan to submit an RFF for those remaining funds, please respond to this message by the end of the day February 7th, 2024. This will require some additional steps on the OHCS side and we will be in touch in order to assist in expending those remaining funds. If we do not receive a response, or if you state you will not be expending those funds, then we will move forward on deallocating those remaining categories.

Please reply with one of the following statements:

My organization has remaining eligible expenses for the Admin and/or Data Collection categories and we plan to submit an RFF.

OR

My organization will not be submitting an RFF for the remaining funds in the Admin and/or Data Collection category and funds may be deallocated.

Please reply to this message with any questions.
