## Community Transmission

■ High

## Counties by Level of Community Transmission

Select a bar to highlight the counties in that level of community transmission.

---

## 8.3.1 Quarantine recommendations for congregate settings

- Residents and staff of congregate facilities are recommended to complete a 10-day quarantine, regardless of vaccination and booster status.
- During periods of critical staffing shortages, facilities may consider shortening the quarantine period for staff to ensure continuity of operations.
- Decisions to shorten isolation in these settings should be made in consultation with the LPHA or OHA.

---

## 8.3.2 Isolation recommendations for congregate settings

- Due to the high risk of secondary transmission and difficulties in cohorting individuals, a 10-day isolation period is recommended for residents and staff of congregate facilities.
- During periods of critical staffing shortages, facilities may consider shortening the isolation period for staff to ensure continuity of operations.
- Decisions to shorten isolation in these settings should be made in consultation with the LPHA or OHA.

---

# Outbreak Response

- One or more cases living or working in a congregate residential setting constitutes an outbreak
- Please report the cases to your LPHA within 24 hours
- Please see list below to identify your LPHA:

<https://www.oregon.gov/OHA/PH/ProviderPartnerResources/LocalHealthDepartmentResources/Pages/lhd.aspx>

## Up to date with vaccinations means:

<b>Vaccination Status</b>	<b>Definition <i>(Will be updated upon further guidance from CDC)</i></b>
Up to Date	<p><b><u>For individuals <math>\geq 18</math> years of age:</u></b> Boosted <b>or</b> Completed the primary series of Pfizer or Moderna within the last 5 months <b>or</b> Completed the primary series of J&amp;J within the last 2 months</p> <p><b><u>For individuals 5–17 years of age:</u></b> Completed the primary series of COVID-19 vaccines</p>
Not Up to Date	<p>Unvaccinated <b>or</b> Has not completed the primary series of any COVID-19 vaccine <b>or</b> <b><u>For individuals <math>\geq 18</math> years of age:</u></b> Completed the primary series of Pfizer or Moderna over 5 months ago and is not boosted</p>

# Key to Response and Prevention

- PLANNING
- COMMUNICATION
- PLANNING

---

# Key Considerations

- Demographics
- Home/ Facility layout
- Congregate activities/ programs
- Resource requirements- PPE, Hand hygiene, physical barriers
- Ventilation

# Key Considerations

- Testing Plans
- Plans for suspect and/ or symptomatic or positive cases
- Plans for transfer out of the facility
