Goal 1: Intermediate Housing *Strategies in Motion*

Develop Intermediate Housing Supply for FEMA-Ineligible Survivors

Statewide Target = 1,000 Homes

- **Acquisition of 200 RVs:** OHCS-ODHS partnership to acquire the RVs and work with local partners to identify sites for placing RVs and other intermediate housing types
- **Gateway Transitional to Permanent Housing site in Talent:** currently under construction to provide 53 RV sites

Provide Navigation, Rapid Re-housing, and Counseling for Permanent Homes

Statewide Target = All Survivors

Permanently Homed in 4 Years

- **Housing Navigation and Rental Assistance:** Disaster Case Management (DCM), Long Term Recovery Groups and Community Action Agencies
- **Wildfire Recovery and Resilience Account:** New program with flexible resources to support survivors on their path to recovery including landlord incentives

Goal 1: Intermediate Housing *Strategies in Motion*

Provide “storefront” aid to survivors that accelerates their placement in permanent homes, or intermediate solutions where necessary, by rapidly expanding Regional Housing Centers’ capacity and scope.

- **ACCESS and partners in Jackson County:** Center for Community Resilience will provide wrap around services to survivors
- **OHCS and HUD:** Rapid Re-housing, Technical Assistance, Housing Counseling
- **Strong relationships with culturally specific partners**

Goal 3: Expedite Permanent Housing *Strategies in Motion*

Increase Pace and Scale of Rental Housing

Production : Position existing and ongoing OHCS development resources to prioritize wildfire recovery in competitive processes designed to add to housing supply.

- **2021 NOFA:** 72 new homes in Talent, 126 total in Mill City and Stayton
- **New Local Innovation and Fast Track (LIFT) Rental Housing**

Expedite Replacement of Lost

Manufactured Homes within Parks:

Identify Solutions for Overcoming Modular and Manufactured Housing Supply Chain Issues

- **Modular home acquisitions**
- **OHCS Manufactured Home Programs**
- **FEMA Sales and Donation**
