County &
Tribes
Update Call
22 APR 2021

Agenda

- Opening Comments
- Current Events
- Sheltering / Feeding TF Update
- MASTT Update
- Interim Housing Update
- Counties & Tribes
 - Questions, Concerns, Best Practices
- Closing Comments

Current Events

- 8 Shelter Liaisons are currently operational in the affected counties.
- 3 Data Specialists are currently operational for Jackson, Marion, Lincoln and Lane Counties and working with the SSELs and MASTT Leads.
- The RFP has been released. A program brief for interested programs is scheduled for today at 1200 on a Teams call.
- RFA for CBO funding has been released to support in parallel with disaster case management for wildfire survivor wrap-around services. Three Information sessions were conducted to weeks ago to assist in this process. However, we have not seen any new applications for this program come forward since.
- We have received the Social Services Landscape assessment from HHS and FEMA 10 pertaining to the wildfires. We are currently going over that data to refine the recovery plan.
- We have given access to 19 case managers throughout the state to initiate data input of past, current and future work with survivor families.
- 3 surge DCMs initiated training this week in Jackson County and are currently getting established.
- Interviews for the remaining 8 surge DCMs have been conducted and are currently in process of hiring.

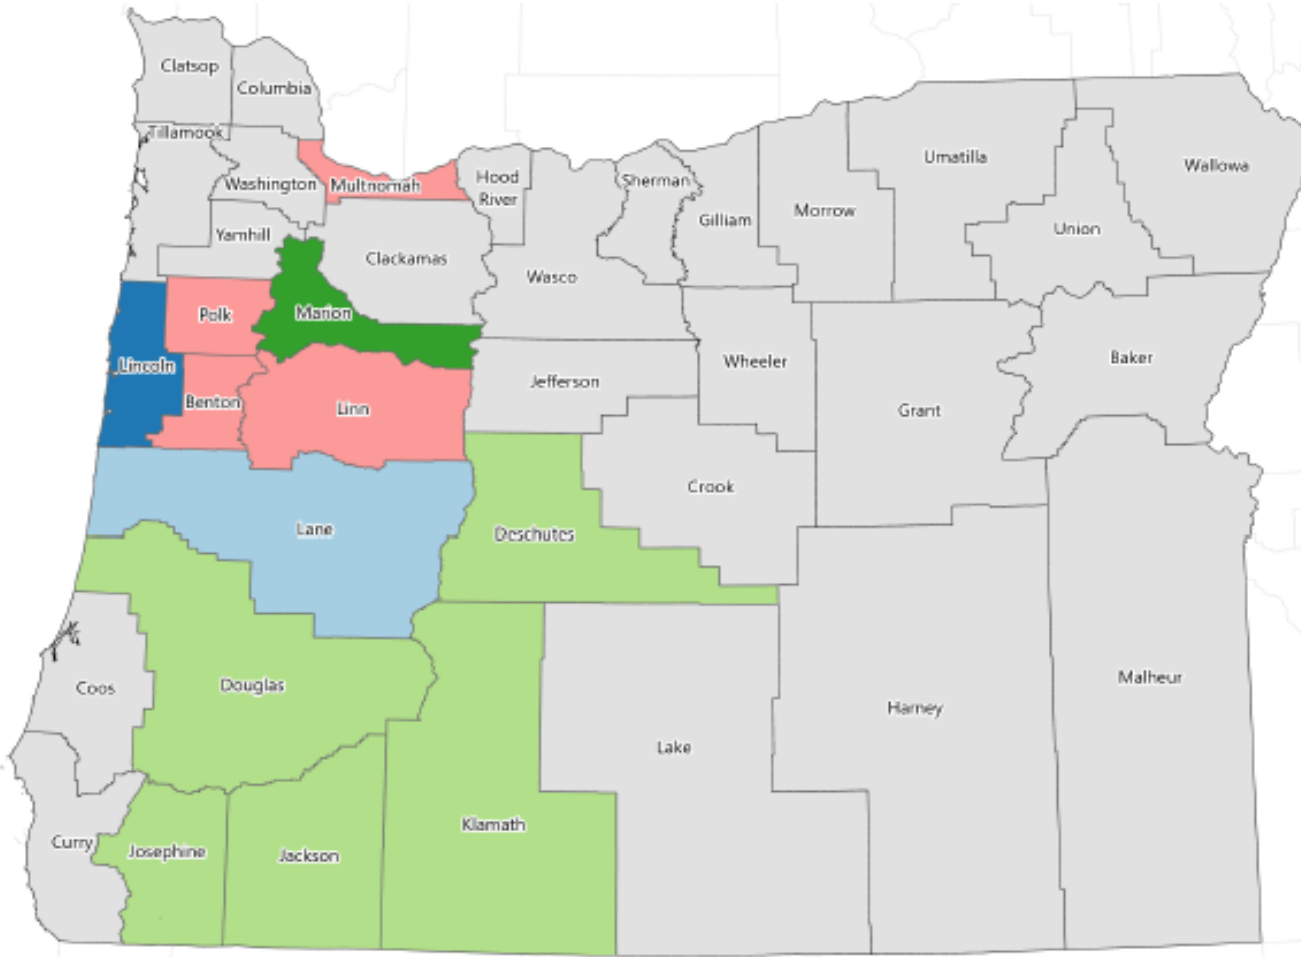

Feeding/Sheltering Task Force

Important Current/Upcoming Activities

- Shelter Liaison update
- Disaster Case Manager hiring update
- Project Turnkey/Fortify updates

State Feeding Vendors & Totals

Feeding Vendor Legend

-  The Salvation Army

Sheltering Liaisons

1. 7 of 12 working across all affected counties
2. Two recent hires (one new, one returning)
3. Re-postings for 3 remaining positions
4. Candidate lists being generated this week and interviews will begin to be scheduled next week
5. Remaining positions to be filled:
 - Jackson (2)
 - Lincoln (1)

Disaster Case Management Program

Status and Next Steps

1. RFP released last week
2. Info session for prospective NGOs was at noon today
3. Surge DCM Process continues (3 in Jackson onboarded and being trained)
4. Clackamas, Lane, Lincoln Counties progressing with HR
5. Marion County being re-posted
6. LTRG meetings
7. Facility locations being researched
8. Training program being implemented

Multi-agency Shelter Transition

- Connecting people with programs and resources
- As of today, we have completed approximately
 - 226 initial MASTT interviews in Jackson County, with an unidentified number remaining
 - 209 initial MASTT interviews in Marion and Linn Counties, with approximately 80 remaining
 - 97 initial MASTT interviews in Lincoln with approximately 3 remaining
 - 86 initial interviews in Lane County, with approximately 28 remaining
 - 14 Total Interviews in Douglas County (Complete)

Please note, these numbers reflect interviews of households, not individuals.

MASTT Data (as of Apr. 15th)

1. Survivors transitioned out of hotels

- Jackson: 22
- Marion: 2
- Lane: 10

2. Agencies and organizations engaged

Jackson: AllCare Health; Jackson County Mental Health; OSU Extension; ODHS; FEMA; Red Cross; Legal Services, ACCESS, Faith Community, Columbia Care, Options, Rogue Valley Council of Governments, Jackson Care Connect

Marion: ODHS SSEL & SSP; Red Cross; Marion County; Santiam Integration Team; Arches; HUD

Lane: ODHS, HUD, FEMA, Lane Co Health and Human Services, Senior and People with Disabilities and Workforce Lane. In addition, we've been having advocates attend from agencies such as ShelterCare and the hospital.

MASTT Data

Barriers to Transition

1. Economic

- Lack of Insurance/Underinsured: 325
- Disaster caused economic instability: 240
- Source of income temporarily/permanently affected: 141
- Other: 40

2. Housing

- Area housing inventory shortage: 367
- Housing unit uninhabitable or the repairs not completed: 93
- Lack of accessible housing: 285

MASTT Data

Barriers to Transition

3. Medical

- Community infrastructure will not support individual with access and functional needs, social needs, quality of life and ongoing medical care: 57
- Repairs to home require accessibility improvements: 10

4. Emotional

- No family, friends, or support systems in area: 81
- Psychological distress, overwhelmed by the disaster event: 323
- Benefits from social interaction at the shelter: 27
- Other: 28

MASTT Data

Barriers to Transition

5. Social

- Better quality of life in the shelter: 25
- Separated from caretaker: 10
- Home environment does not support Household member with functional needs: 24
- Other: 16

MASTT Data – Concerns, Observations, Trends

Jackson

- Challenges of renting when you have pet(s) and/or smoke
- Definitely need to revisit bringing in Red Cross and FEMA to initial meeting
- Need bilingual bicultural CM to interview consumers
- affordable housing is a barrier in consumers moving out of shelter

Marion

- Lack of housing and emotional support
- Emotional distress, most don't want to accept help as they feel others are in worse situation
- Meal concerns
- Survivors were happy and thankful for the meeting

Lane

- Physical limitations; unable to do previous work
- Domestic violence
- Finding a place to rent with fixed income (TANF, Disability, Unemployment)
- Accommodations being made for those needing help accessing Zoom to hopefully reduce no-shows
- No income while waiting for FEMA/SBA help & has urgent basic needs (not eligible for UC or TANF or Disability)

REALD Data

REALD Data is coming in from MASTT counties. County MASTTs are following up with survivors to gather more information. This is provided to the survivors prior to the initial MASTT interview. All REALD Data information is voluntary and not required to participate in the interview process.

Lane

- Caucasian: 42
- Hispanic: 4
- Native American: 4
- No self-identified disability: 8
- Cognitive disability: 18
- Low Vision: 5
- Physical disability: 18

Marion

- Latinx: 2
- Black/African American: 1
- Native American: 1
- Caucasian: 6
- No self-identified disability: 2
- Most survivors interviewed had multiple disabilities: physical, cognitive/intellectual, emotional, hard of hearing, low vision

REALD Data

REALD Data is coming in from MASTT counties. County MASTTs are following up with survivors to gather more information. This is provided to the survivors prior to the initial MASTT interview. All REALD Data information is voluntary and not required to participate in the interview process.

Jackson

- Caucasian: 53
- Hispanic: 27
- Asian: 1
- African American: 1
- No self-identified disability: 15
- Cognitive disability: 29
- Low Vision: 3
- Physical disability: 22
- Deaf/serious difficulty hearing: 2

Interim Housing Operations

County Call Input

- Long Term Recovery Group Manager POC?
- Do you have a Housing Lead or committee in the county? If so, who are they?
- What interim housing projects are you engaged in?
 - Which stage of development are you in now?
 - What do you need to help move the project forward.
- Do you have any ideas you would like to explore?
 - What help do you need to move forward on that idea?
- Please send this information to Chad Knowles at chad.j.Knowles@dhsoha.state.or.us

Counties and Tribes Open to
