Manufactured & Marina Communities Resource Center (MMCRC) services

We provide confidential and neutral help in resolving disputes, promoting open communication, and maintaining a positive environment.

- Technical Assistance – We help tenants and landlords understand their rights and responsibilities under Oregon law.
- Mediation-Dispute Resolution – We assist parties to develop dispute resolution techniques, referring them to mediation when appropriate.
- Facility Closure Assistance – We work with tenants of a facility that's closing, explaining the laws around the closure, and providing tenant counseling and service referrals that meet their relocation needs.
