Topic: Request to amend 736-018-0045 Updating master plan for Smith Rock State Parks to list of Master Plans

Presented by: Jenna Marmon and Katie Gauthier

---

### **Background:**

Adding master plans to administrative rule is the final step in a long public process that includes numerous public meetings, planning groups and a land use review by county officials.

Master plans detail current natural and cultural resource conditions, outdoor recreation trends and how to balance recreation and resource protection. They set priorities for the next two decades, such as adding or improving trails, parking, facilities and signs.

The updated master plan for Smith Rock State Park was adopted to provide direction to the department regarding the future management of the park resources and development of facilities for public recreation access. The plan responds to current information on park resource conditions and public recreation needs as they pertain to these park settings. The purpose of amending OAR 736-018-0045 is to add the date of the adopted plan for this park to the list of adopted master plans.

After adoption of the Master Plan by the Commission in June, Deschutes county then reviewed for compatibility with their comprehensive plans and zoning codes. The proposed rule change is necessary to amend language to reflect the current version of the master plan in rule.

The agency accepted public comment on the proposed amendment from July 1 through August 4. No comments were received.

**Prior Action by Commission:** The Smith Rock State Park Master Plan was adopted at the June 14, 2023 commission meeting.

**Action Requested:** Staff requests adoption of amendment to OAR 736-018-0045(1)(u) to add updated date to Smith Rock Master Plan. A copy of the proposed rule is included in Attachment A.
