

COMMUNITY WILDFIRE RISK REDUCTION GRANT **SCORING**

SCORING COMMITTEE

The scoring committee was comprised of representatives from:

- The OSFM
- Other state government agencies
- Fire service agencies
- Non-governmental organizations
- Special districts
- Emergency management

HOW WAS SCORING DETERMINED?

Projects were prioritized based on:

- Impact in high wildfire-risk regions
- Communities with high social vulnerability
- Those in and around the built environment
- Providing defensible space and community resiliency
- Protecting people and communities
- Geographically diverse projects to ensure all areas of the state have the resources to improve community wildfire risk reduction and better prepare communities
